#### Principal's Message

Black Diamond High School is dedicated to providing a unique educational setting with a safe family atmosphere. Black Diamond strives to provide all students with a personalized program that promotes the necessary academic growth, cultural sensitivity, respect for self and others, positive self-image, and decisionmaking skills. Black Diamond's vision is that its graduates will be effective communicators, complex thinkers, self-directed adults, collaborative workers and responsible citizens.

#### School Mission Statement

Black Diamond High School is dedicated to providing a unique educational setting with a safe and structured family atmosphere. Black Diamond strives to provide all students with a personalized program that supports necessary academic growth, cultural sensitivity, and respect for self and others. Black Diamond's programs engage and promote a positive self-image and sound decision-making skills that will support students for life.

#### School Vision Statement

- · A professional learning community committed to challenging all students to achieve
- A school where families feel welcome and are an integral part of the school program
- A school where students can become motivated to learn, work and flourish in a creative environment
- A school where students are supported in earning credits and passing the CAHSEE to graduate
- A school where the focus is on how we are teaching, what our students are learning, and how we can help them attain the knowledge and skills necessary to become productive adults
- A safe, supportive school which students are eager to attend

#### School Safety

Our school participates in a yearly safety drill with the city and county. Fire drills are conducted at least twice a year. We maintain a sign-in requirement for visitors and speakers to classrooms. The staff is provided with photo-identification badges to wear at all times.

Parents may view or peruse a copy of the Disaster Preparedness Plan in the principal's office.

The school safety plan was most recently reviewed, updated and discussed with school faculty in March 2017.

Emergency-preparedness training is given to all rooms, grades 10-12; first-aid kits are given to all rooms, grades 10-12.

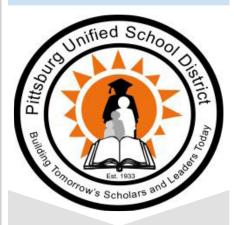

#### Professional Development

The Local Control Accountability Plan (LCAP), Local Education Agency Plan (LEAP) addendum and the sites' Single Plan for Student Achievement (SPSA) are the genesis of selected focus for professional development. The data from student achievement drives the selection of adult learning opportunities. Based on student-achievement data, including the data from underserved student groups, the district is focusing professional development on integrating the Common Core State Standards in English language arts (ELA) and mathematics.

Every teacher participates in three full-release professional-development days. In addition, educators collaborate with each other in facilitated grade-level/department meetings. Site administrators provide support and feedback to staff members related to targeted improvements. Pittsburg teachers also participate in a structured Collaboration Cycle where they meet with their colleagues to create common lessons that they teach in their classrooms, while their colleagues and instructional coaches provide them feedback.

Summer institutes are numerous and comprehensive. In-depth trainings are available in implementing core curricula, intervention programs, English language development (ELD), structured engagement, expository writing, reading comprehension and mathematics, as a few examples. Teachers fulfill the No Child Left Behind Act requirements for being highly qualified with district support. Compensation is provided to teachers who attend professional development outside the workday.

#### School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

#### District Mission Statement

It is the mission of Pittsburg Unified School District (PUSD) to inspire our students, to ensure they achieve equity in academic excellence and to bring students closer together through shared experiences in learning. We believe the cultural diversity of our community, and our youth are our greatest assets. We endeavor to bring our students to their fullest potential and to create lifelong learners who will contribute positively to the world.

# Governing Board

Mr. Duane Smith, president Mr. De'Shawn Woolridge, vice president Dr. Laura Canciamilla, trustee Mr. George Miller, trustee Mr. Joseph Arenivar, trustee

#### **Board Goals**

#### 1. Student Achievement

- Students will demonstrate continuous improvement in academic excellence, as measured by clear and accessible multiple assessments
- Opportunity gaps will have accelerated reduction through purposeful interventions and supports

#### 2. Powerful Instruction

• Effective instruction aligned to the common core will be expected, supported and measured to ensure continuous improvement of student achievement

#### 3. Outstanding Staff

- The district will recruit "highly qualified" and appropriately credentialed teachers
- The district will support, retain and promote quality staff through good working conditions, competitive total compensation packages, and coaching and professional development

#### 4. Quality Learning Environment

- High-quality facilities
- Safe, orderly and secure schools
- School site culture of caring and respect
- State-of-the-art technology

#### 5. High-Performing, Accountable Organization

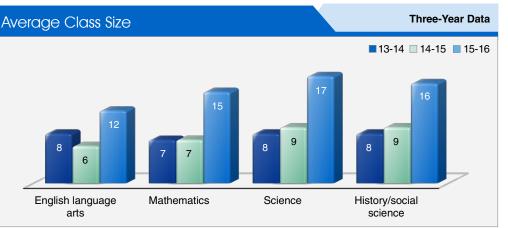

- Fiscal stability and responsible long-range planning
- Comprehensive accountability system
- Effective informational and instructional technology
- Responsible, respectful, efficient and transparent service

#### 6. Meaningful Collaboration, Partnership and Parental Engagement

- Timely and accessible communication with community
- Strategic community partnerships
- Focus on parent and student engagement, including diverse opportunities for involvement
- Strong communication and relationships between parents/ guardians and schools
- Proactive engagement in students' academic and personal growth
- Board and superintendent and staff communication

#### Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

# California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram® is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

- 1. Aerobic Capacity
- 2. Body Composition
- 3. Flexibility
- 4. Abdominal Strength and Endurance
- 5. Upper Body Strength and Endurance
- 6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

#### Enrollment by Student Group

The total enrollment at the school was 217 students for the 2015-16 school year. The pie chart displays the percentage of students enrolled in each group.

#### Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

### Federal Intervention Program

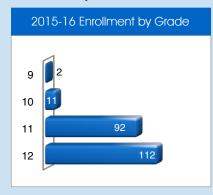

Schools and districts will not be newly identified for Program Improvement (PI) in the 2016-17 school year under the Every Student Succeeds Act (ESSA) that became law in December 2015, which reauthorized the Elementary and Secondary Education Act (ESEA). Schools and districts receiving Title I, Part A funding for the 2015-16 school year and were "In PI" in 2015-16 will retain their same PI status and placement year for 2016-17. Schools and districts receiving Title I, Part A funding for the 2015-16 school year and either had a status of "Not in PI" for the 2015-16 school year or did not receive Title I, Part A funding in the 2014-15 school year will have a status of "Not in PI" for the 2016-17 school year. The percentage of schools identified for Program Improvement is calculated by taking the number of schools currently in PI within the district and dividing it by the total number of Title I schools within the district.

This table displays the 2016-17 Program Improvement status for the school and district. For detailed information about PI identification, please visit www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

#### California Assessment of Student Performance and Progress (CAASPP)

For the 2015-16 school year, the CAASSP consists of several key components, including:

#### California Alternate Assessment

(CAA) test includes both ELA/literacy and mathematics in grades 3-8 and 11. The CAA is given to those students with significant cognitive disabilities which prevent them from taking the Smarter Balanced Assessments with universal tools, designated supports or accommodations.

Smarter Balanced Assessments include ELA/literacy in grades 3-8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit www.cde.ca.gov/ta/tg/ca.

#### CAASPP by Student Group: English Language Arts/ Literacy and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in English language arts and mathematics for the school by student groups for grade 11.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

#### CAASPP Test Results for All Students: Science (grades 5, 8 and 10)

Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA) and California Alternate Performance Assessment (CAPA) in grades 5, 8 and 10. The tables show the percentage of students scoring at proficient or advanced.

#### CAASPP Test Results by Student Group: Science (grades 5, 8 and 10)

#### Admission Requirements for California's Public Universities

University of California: Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for university-level work. For general admissions requirements, please visit the UC Admissions Information web page at http://admission.universityofcalifornia.edu.

California State University: Eligibility for admission to California State University (CSU) is determined by three factors: 1. specific high school courses, 2. grades in specified courses and test scores, and 3. graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission-guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application and fee information, see the CSU web page at www.calstate.edu/admission/admission.shtml.

#### Course Enrollment for UC/CSU Admission

The table displays two measures related to the school's courses that are required for University of California and/or California State University admission for the most recent year for which data is available. For more detailed information, visit http://dq.cde.ca.gov/dataquest.

#### Career Technical Education Programs

We are currently in the process of developing career technical education (CTE)/Career Pathways. We are collaborating with Los Medanos Community College as well as local business to have pathway programs in place during the 2016-17 school year.

#### Parental Involvement

Through our parent liaison, parents are kept informed of activities at the school and any issues concerning their individual student. Teachers have committed to maintaining contact with the families of the students in their advisory group. This will include an introductory phone call at the beginning of the year, phone calls to invite families to events at the school (including back-to-school night, awards assemblies and open house) and any issues of concern. Parents are given the opportunity at orientation to sign up to participate in the school in a variety of ways, including participating in potlucks for assemblies, the School Site Council (SSC) and the English Learner Advisory Committee (ELAC), or making presentations in classes of interest to the students.

For more information on how to become involved at the school, contact the parent liaison, Susana Aguilar, at (925) 473-2510.

Not applicable.

#### Completion of High School Graduation Requirements

This table displays school, district and California data for the percentages of students in the most recent graduating class who met all state and local graduation requirements for grade 12 completion. The formula for the completion of graduation requirements is the number of grade 12 students who met all graduation requirements divided by the number of students enrolled in grade 12 at the time of the Fall Census Day. Therefore, results may include percentages over 100 percent if students transferred into the school and graduated but were not there at the time of the Fall Census Day enrollment count. For more information, please visit www.cde.ca.gov/ci/gs/hs/hsgrmin.asp or www.cde.ca.gov/ci/gs/hs/cefhsgradreq.asp.

#### Graduation and Dropout Rates

This table displays the graduation and dropout rates for the most recent three-year period for which data is available. The four-year adjusted cohort graduation rate is the number of students who graduate in four years with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class. From the beginning of grade 9 (or the earliest high school grade), students who are entering that grade for the first time form a cohort that is "adjusted" by adding any students who subsequently transfer into the cohort and subtracting any students who subsequently transfer out. For more information, please visit http://dq.cde.ca.gov/dataquest.

#### Quality of Textbooks

The following table outlines the criteria required for choosing textbooks and instructional materials.

Quality of Textbooks		
2015-16 School Year		
Criteria	Yes/No	
Are the textbooks adopted from the most recent state- approved or local governing- board-approved list?	Yes	
Are the textbooks consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education?	Yes	
Do all students, including English learners, have access to their own textbooks and instructional materials to use in class and to take home?	Yes	

"Teachers have committed to maintaining contact with the families of the students in their advisory group."

#### Textbooks and Instructional Materials

California state-adopted textbooks are recommended by district committees, adopted by the board and then purchased. Each site, through funds supplied by the district, has been able to provide each student with a copy of every core textbook to use in class and take home for homework.

The district has purchased textbooks and instructional materials for grades K-12; said textbooks and instructional materials are used by students at each grade level in each school. The Pittsburg Unified School District Governing Board declared during its fall school board meeting that PUSD has provided sufficient textbooks and instructional materials consistent with the state board-adopted curriculum framework cycle.

#### School Facility Items Inspected

The tables show the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. The following is a list of items inspected.

- **Systems:** Gas systems and pipes, sewer, mechanical systems (heating, ventilation and air-conditioning)
- Interior: Interior surfaces (floors, ceilings, walls and window casings)
- Cleanliness: Pest/vermin control, overall cleanliness (school grounds, buildings, rooms and common areas)
- Electrical: Electrical systems (interior and exterior)

- Restrooms/fountains: Restrooms, sinks and drinking fountains (interior and exterior)
- Safety: Fire-safety equipment, emergency systems, hazardous materials (interior and exterior)
- Structural: Structural condition, roofs
- External: Windows/doors/gates/fences, playgrounds/school grounds

#### School Facility Good Repair Status

This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor.

School Facility Good Repair Status 2016-17

#### Deficiencies and Repairs

The table lists the repairs required for all deficiencies found during the site inspection. Regardless of each item's repair status, all deficiencies are listed. For all items inspected that were found to not be in "good repair," a work-order has been created and maintenance will be done before the end of the 2016-17 school year. Maintenance items will be prioritized so that student safety is not compromised.

#### School Facilities

The newly constructed Black Diamond High School opened in the fall of 2012. There are 19 classrooms and one media technology center. There is a multipurpose room that doubles as a cafeteria and a gymnasium. There are several offices to accommodate support staff and office personnel.

The classrooms at Black Diamond are sufficient to meet the needs for students to engage in a healthy learning environment. Our site is inspected on a monthly basis according to the guidelines generated by the Williams settlement decision. Each classroom is equipped with state-of-theart projectors and ELMOs (document enhanced technology).

Black Diamond is cleaned on a consistent basis. There is one head custodian who serves our campus during the school day and a second custodian who cleans the campus during the evening.

The site administrator and the custodial staff address school cleanliness daily. Restrooms are cleaned on a routine basis, and discrepancies are noted, work orders created, and corrections made on a timely basis. School grounds and facilities are in an excellent condition for the student enrollment assigned to the site. Deferred maintenance items are scheduled and completed in a timely manner.

The safety of the students at Black Diamond before, during and after school is supervised by two campus resource assistants, one vice principal and a principal. There are two additional noontime supervisors to monitor student activity and safety during lunch. In addition to the above assistance, there is a campus resource officer who patrols on a weekly basis.
