Principal's Message

At Hillview Junior High School, we envision a respectful and trusting student-centered environment with:

- Strong community-school connections
- Shared decision-making
- Clear and high expectations
- A collaborative, cooperative, and safe learning and work environment
- Appreciation of our cultural and ethnic diversity
- Respect for individual differences
- Ongoing reflection, assessment, and evaluation of all facets of the learning community
- An integrated, interdisciplinary, multicultural curriculum accessible to all students

As a schoolwide program, our goal is to provide relevant, challenging work for all students as we link business, community and parents. We view parents as partners in providing experiences that are the foundation and support of learning. Our goal is to prepare our diverse student body with the knowledge and skills to face the challenge of living and working in the technological, information-based world of the 21st century.

School Mission Statement

Hillview Junior High School collaborates with students, parents and community partners to prepare tomorrow's leaders for their future using a strategic approach of developing critical thinking, emphasizing effective communication, and instilling accountability and independence.

School Safety

The school safety plan identifies emergency procedures and security protocols. Students and staff are prepared to respond to various emergencies through regular drills and in-class discussions with regard to safety and personal security. The safety plan addresses information regarding the physical, social and cultural aspects of the school environment. It is reviewed annually and updated accordingly. Included in the safety plan are school and evacuation maps with directions regarding how to evacuate the school.

In addition, the district has developed a Crisis Intervention Plan to activate in the event of a crisis. Support staff is available to provide targeted support in the event of a crisis (e.g., most schools have a psychologist who is available for crisis counseling in the event of a tragic event). The school safety plan may be accessed through our website. Parents and community members may also request a hard copy by visiting the school.

The school safety plan was last reviewed, updated and discussed with the school faculty in September and October 2017.

Enrollment by Student Group

The total enrollment at the school was 978 students for the 2016-17 school year. The pie chart displays the percentage of students enrolled in each group.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission Statement

It is the mission of Pittsburg Unified School District (PUSD) to inspire our students, to ensure they achieve equity in academic excellence and to bring students closer together through shared experiences in learning. We believe the cultural diversity of our community, and our youth are our greatest assets. We endeavor to bring our students to their fullest potential and to create lifelong learners who will contribute positively to the world.

Governing Board

- Mr. De'Shawn Woolridge, president
- Dr. Laura Canciamilla, vice president
- Mr. George Miller, trustee
- Mr. Joseph Arenivar, trustee
- Mr. Duane Smith, trustee

Enrollment by Grade

The bar graph displays the total number of students enrolled in each grade for the 2016-17 school year.

Board Goals

1. Student Achievement

- Students will demonstrate continuous improvement in academic excellence, as measured by clear and accessible multiple assessments
- Opportunity gaps will have accelerated reduction through purposeful interventions and supports

2. Powerful Instruction

- Effective instruction aligned to the common core will be expected, supported and measured to ensure continuous improvement of student achievement

3. Outstanding Staff

- The district will recruit "highly qualified" and appropriately credentialed teachers
- The district will support, retain and promote quality staff through good working conditions, competitive total compensation packages, and coaching and professional development

4. Quality Learning Environment

- High-quality facilities
- Safe, orderly and secure schools
- School site culture of caring and respect
- State-of-the-art technology

5. High-Performing, Accountable Organization

- Fiscal stability and responsible long-range planning
- Comprehensive accountability system
- Effective informational and instructional technology
- Responsible, respectful, efficient and transparent service

6. Meaningful Collaboration, Partnership and Parental Engagement

- Timely and accessible communication with community
- Strategic community partnerships
- Focus on parent and student engagement, including diverse opportunities for involvement
- Strong communication and relationships between parents/guardians and schools
- Proactive engagement in students' academic and personal growth
- Board and superintendent and staff communication

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram® is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

- Aerobic Capacity
- Body Composition
- Flexibility
- Abdominal Strength and Endurance
- Upper Body Strength and Endurance
- Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

CAASPP Test Results for All Students: Science (grades 5, 8 and 10)

Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA) and California Alternate Performance Assessment (CAPA) in grades 5, 8 and 10. The table shows the percentage of students scoring at proficient or advanced.

The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Federal Intervention Program

Schools and districts will not be newly identified for Program Improvement (PI) in the 2017-18 school year under the Every Student Succeeds Act (ESSA) that became law in December 2015, which reauthorized the Elementary and Secondary Education Act (ESEA). Schools and districts receiving Title I, Part A funding for the 2016-17 school year and were "In PI" in 2016-17 will retain their same PI status and placement year for 2017-18. Schools and districts receiving Title I, Part A funding for the 2016-17 school year and either had a status of "Not in PI" for the 2016-17 school year or did not receive Title I, Part A funding in the 2015-16 school year will have a status of "Not in PI" for the 2017-18 school year. The percentage of schools identified for Program Improvement is calculated by taking the number of schools currently in PI within the district and dividing it by the total number of Title I schools within the district.

This table displays the 2017-18 Program Improvement status for the school and district. For detailed information about PI identification, please visit www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

California Assessment of Student Performance and Progress (CAASPP)

For the 2016-17 school year, the CAASPP consists of several key components, including:

California Alternate Assessments (CAA) test includes both ELA/literacy and mathematics in grades 3-8 and 11. The CAA is given to those students with the most significant cognitive disabilities whose current individualized education program (IEP) designates an alternate assessment.

Smarter Balanced Assessments include ELA/literacy and mathematics in grades 3-8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit www.cde.ca.gov/ta/tg/ca.

CAASPP by Student Group: English Language Arts/Literacy and Mathematics

The table on the following page displays the percentage of students that met or exceeded state standards in English language arts/literacy and mathematics for the school by student groups for grades 6-8.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Textbooks and Instructional Materials

California state-adopted textbooks are recommended by district committees, adopted by the board and then purchased. Each site, through funds supplied by the district, has been able to provide each student with a copy of every core textbook to use in class and take home for homework.

The district has purchased textbooks and instructional materials for grades K-12; said textbooks and instructional materials are used by students at each grade level in each school. The Pittsburg Unified School District Governing Board declared during its fall school board meeting that PUSD has provided sufficient textbooks and instructional materials consistent with the state board-adopted curriculum framework cycle.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

◇ Not applicable.

Quality of Textbooks

Types of Services Funded

The following services are provided at the district and/or site level:

- Collaboration and Intervention Team
- Professional development including ELA and math trainings, cross-cultural language and academic-development examination, ADEPT, Systematic ELD, Lesson Study, and data protocol
- Parent and family engagement opportunities and training
- Extended-day and summer intervention programs
- College-readiness programs
- Counseling
- Class-size reduction
- Summer programs
- Credit recovery programs

Parental Involvement

We currently have an on-site parent volunteer aide and a parent liaison. The parent volunteer aide focuses on recruiting parent volunteers for the site. Our parent liaison coordinates parent activities, such as Bring-Your-Parent-to-School Week, and oversees activities that involve our parents and families (e.g., Lunch on the Lawn, academic awards assemblies and supervision during lunchtime). We are constantly seeking parents and community members interested in volunteering at the school. There are many opportunities to participate in making our school a better place for our students!

Our choir and band booster program is our largest parent-supported program. We have approximately 150 students involved in our band and choir programs. They perform at various school functions and community events. We have a core group of parent volunteers that give their time at the school on a regular basis.

Our English Learner Advisory Committee (ELAC) and our School Site Council (SSC) meet monthly to discuss school programs, review and create the Site Plan for the upcoming year, and discuss parent concerns. Our parents also represent our school on the District Advisory Committee (DAC) and District English Learner Advisory Committee (DELAC).

For more information on how to become involved, please contact Fay Massey, our parent liaison, at (916) 473-2380, ext. 5139 or umassey@pittsburg.k12.ca.us; or contact Charlotte Zamora, our parent volunteer aide, at (925) 473-2380, ext. 5135 or czamora@pittsburg.k12.ca.us.

School Facility Good Repair Status

The table shows the results of the school’s most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility’s good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor. At the time of this school facility inspection, no deficiencies were found.

School Facilities

Hillview Junior High School was built in 1958 and renovated in in the 2001-02 school year (primarily wiring and flooring upgrades). The school includes 44 classrooms, a library, three computer labs, a band room, cafeteria, stage and gymnasium. Recently, we upgraded the technology in each classroom to include closed-circuit television, cable television, LCD projectors, document cameras and upgraded computers.

We currently employ four full-time custodians to maintain the campus. Bathrooms, in particular, are cleaned multiple times throughout the day, and school administration checks them to ensure cleanliness.

We have a closed campus with our outer doors secured during the regular school day. Students are supervised at all times, including before and after school, during lunch and during passing periods.

Every site is inspected on a monthly basis according to the guidelines generated by the Williams case settlement. At this time, we have no safety-related discrepancies that have not been corrected. The site administrator and the custodial staff address school cleanliness daily. We clean restrooms on a routine basis, note discrepancies, create work orders and make corrections on a timely basis. School grounds and facilities are adequate for the student enrollments assigned to the site. Deferred maintenance items are scheduled and completed in a timely manner.

Hillview is preparing to upgrade the fields around campus, which includes a new watering scheme. We are very proud of our turf field. This will greatly improve the exterior conditions. Additionally, we erected solar panels in the northwest parking lot and field.

Teacher Qualifications

This table shows information about teacher credentials and teacher qualifications. Professional Development

The Local Control Accountability Plan (LCAP), Local Education Agency Plan (LEAP) addendum and the sites' Single Plan for Student Achievement (SPSA) are the genesis of selected focus for professional development. The data from student achievement drives the selection of adult learning opportunities. Based on student-achievement data, including the data from underserved student groups, the district is focusing professional development on integrating the Common Core State Standards in English language arts (ELA) and mathematics.

Every teacher participates in three full-release professional-development days. In addition, educators collaborate with each other in facilitated grade-level/department meetings. Site administrators provide support and feedback to staff members related to targeted improvements. Pittsburg teachers also participate in a structured Collaboration Cycle where they meet with their colleagues to create common lessons that they teach in their classrooms, while their colleagues and instructional coaches provide them feedback.

Summer institutes are numerous and comprehensive. In-depth trainings are available in implementing core curricula, intervention programs, English language development (ELD), structured engagement, expository writing, reading comprehension and mathematics, as a few examples. Teachers fulfill the No Child Left Behind Act requirements for being highly qualified with district support. Compensation is provided to teachers who attend professional development outside the workday.
