Principal's Message

At Hillview Junior High School, we envision a respectful and trusting student-centered environment with:

- · Strong community-school connections
- · Shared decision-making
- Clear and high expectations
- · A collaborative, cooperative, and safe learning and work environment
- · Appreciation of our cultural and ethnic diversity
- · Respect for individual differences
- Ongoing reflection, assessment, and evaluation of all facets of the learning community
- · An integrated, interdisciplinary, multicultural curriculum accessible to all students

As a schoolwide program, our goal is to provide relevant, challenging work for all students as we link business, community and parents. We view parents as partners in providing experiences that are the foundation and support of learning. Our goal is to prepare our diverse student body with the knowledge and skills to face the challenge of living and working in the technological, information-based world of the 21st century.

School Mission Statement

Hillview Junior High School collaborates with students, parents and community partners to prepare tomorrow's leaders for their future using a strategic approach of developing critical thinking, emphasizing effective communication, and instilling accountability and independence.

Parental Involvement

Hillview is a Community School and our Community School Coordinator collaborates with the school community to provide opportunities for our parents to be a participant in the Hillview Community and make our school a better place for our students!

Our choir and band booster programs are our largest parent-supported programs. We have approximately 80 students involved in our band and choir programs. We have a core group of parent volunteers that give their time at the school on a regular basis.

Our English Learner Advisory Committee (ELAC) and our School Site Council (SSC) meet monthly to discuss school programs, review and create the Site Plan for the upcoming year, and discuss parent concerns. Our parents also represent our school on the District Advisory Committee (DAC) and District English Learner Advisory Committee (DELAC).

For more information on how to become involved, please contact Julian Rivera at jrivera@pittsburgusd.net or (925) 473-2380 ext. 5163.

School Safety

The school safety plan identifies emergency procedures and security protocols. Students and staff are prepared to respond to various emergencies through regular drills and in-class discussions with regard to safety and personal security. The safety plan addresses information regarding the physical, social and cultural aspects of the school environment. It is reviewed annually and updated accordingly. Included in the safety plan are school and evacuation maps with directions regarding how to evacuate.

In addition, the district has developed a Crisis Intervention Plan to activate in the event of a crisis. Support staff is available to provide targeted support in the event of a crisis (e.g., most schools have a psychologist who is available for crisis counseling in the event of a tragic event). The school safety plan may be accessed through our website. Parents and community members may also request a hard copy by visiting the school.

The school safety plan was last reviewed, updated and discussed with the school faculty in December 2022.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission Statement

It is the mission of Pittsburg Unified School District (PUSD) to inspire our students, to ensure they achieve equity in academic excellence and to bring students closer together through shared experiences in learning. We believe the cultural diversity of our community, and our youth are our greatest assets. We endeavor to bring our students to their fullest potential and to create lifelong learners who will contribute positively to the world.

Enrollment by Student Group

The total enrollment at the school was 905 students for the 2021-22 school year. The pie chart displays the percentage of students enrolled in each group.

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Note: The 2019–20 suspensions and expulsions rate data are not comparable to other year data because the 2019–20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–20 school year compared to other school years.

Board Goals

1. Student Achievement

- Students will demonstrate continuous improvement in academic excellence, as measured by clear and accessible multiple assessments
- Opportunity gaps will have accelerated reduction through purposeful interventions and supports, including Ethnic Studies
- Our belief is every student is entitled to a high school diploma and our goals and commitment is to achieve a 100% graduation rate

2. Powerful Instruction

 Effective instruction aligned to the common core will be expected, supported and measured to ensure continuous improvement of student achievement

3. Outstanding Staff

- The district will recruit "highly qualified" and appropriately credentialed teachers
- The district will support, retain and promote quality staff through good working conditions, competitive total compensation packages, and coaching and professional development

4. Quality Learning Environment

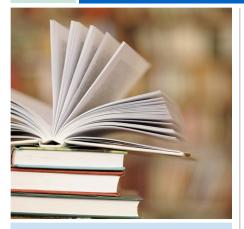

- High-quality facilities
- Safe, orderly and secure schools
- School site culture of caring and respect
- State-of-the-art technology

5. High-Performing, Accountable Organization

- Fiscal stability and responsible longrange planning
- Comprehensive accountability system
- Effective informational and instructional technology
- Responsible, respectful, efficient and transparent service

6. Meaningful Collaboration, Partnership and Parental Engagement

- Timely and accessible communication with community
- Strategic community partnerships
- Focus on parent and student engagement, including diverse opportunities for involvement
- Strong communication and relationships between parents/guardians and schools
- Proactive engagement in students' academic and personal growth
- Board and superintendent and staff communication

Professional Development

The Local Control Accountability Plan (LCAP) and the sites' School Plan for Student Achievement (SPSA) document the selected focus for professional development. The data from student achievement drives the selection of adult learning opportunities. Based on studentachievement data, including the data from underserved student groups, the district is continuing to focus professional development on integrating the Common Core State Standards in English language arts (ELA) and mathematics, Equity, Social-Emotional Learning and Multi-Tiered Systems of support.

Every teacher participates in three full-release professional-development days. In addition, educators collaborate with each other in facilitated grade-level/department meetings. Site administrators also provide support and feedback to staff members related to targeted improvements. Pittsburg teachers collaborate with their colleagues to create common lessons/units that they teach in their classrooms.

Summer institutes are numerous and comprehensive. In-depth trainings are available to support implementing core curricula, intervention programs, and English language development (ELD), and include but are not limited to structured engagement, expository writing, reading comprehension and mathematics. Compensation is provided to teachers who attend professional development outside the workday.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. Due to changes to the 2021–22 PFT administration, only participation results are required for the five fitness areas.

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students participating in each of the five fitness components for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

SARC Reporting in the 2020–21 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- · Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- · Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

The CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- · Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

- ★ Data for 2020–21 are not comparable to other year data due to the COVID-19 pandemic during the 2020–21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–21 school year to other school years.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Textbooks and Instructional Materials

California state-adopted textbooks are recommended by district committees, adopted by the board and then purchased. Each site, through funds supplied by the district, has been able to provide each student with a copy of every core textbook to use in class and take home for homework.

The district has purchased textbooks and instructional materials for grades K-12; said textbooks and instructional materials are used by students at each grade level in each school. The Pittsburg Unified School District Governing Board declared during its fall school board meeting that PUSD has provided sufficient textbooks and instructional materials consistent with the state board-adopted curriculum framework cycle.

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard. org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor. At the time of this school facility inspection, no deficiencies were found.

School Facilities

Hillview Junior High School was built in 1958 and renovated in the 2001-02 school year (primarily wiring and flooring upgrades). The school includes 44 classrooms, a library, three computer labs, a band room, cafeteria, stage and gymnasium. Technology in each classroom includes LCD projectors, document cameras and upgraded computers.

We currently employ four full-time custodians to maintain the campus. Bathrooms, in particular, are cleaned multiple times throughout the day, and school administration checks them to ensure cleanliness.

We have a closed campus with our outer doors secured during the regular school day. Students are supervised at all times, including before and after school, during lunch and during passing periods.

Every site is inspected on a monthly basis according to the guidelines generated by the Williams case settlement. At this time, we have no safety-related discrepancies that have not been corrected. The site administrator and the custodial staff address school cleanliness daily. We clean restrooms on a routine basis, note discrepancies, create work orders and make corrections on a timely basis. School grounds and facilities are adequate for the student enrollments assigned to the site. Deferred maintenance items are scheduled and completed in a timely manner.

Hillview shares an upgraded field with the city of Pittsburg. We are very proud of our turf field. Additionally, we erected solar panels in the northwest parking lot and field.

"As a schoolwide program, our goal is to provide relevant, challenging work for all students as we link business, community and parents."

Teacher Preparation and Placement

The teacher data displayed in this SARC is from the 2020-21 and the 2021-22 school years. Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at https://www.cde.ca.gov/ds/sp/cl/calpadsupdflash201.asp.

For more information on the definitions listed above, refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp.
