1. Introduction - Comprehensive School Safety Plan

California Education Code Section 32286 requires each school site to annually review and update its school safety plan, which must be developed and written by a School Site Council (SSC) or its designated Safety Planning Committee in collaboration with teachers, classified staff, parents, and first responders to ensure they are up-to-date and complete.

School Safety Plans must include an 1) assessment of the current status of school crime committed on campus and at school-related functions and 2) an identification of appropriate strategies and programs that provide/maintain a high level of school safety. Plans must have policies and procedures addressing critical issues including: 3) child abuse reporting, 4) suspension and expulsion policies and notification of teachers; 5) policies prohibiting discrimination, harassment, intimidation, and bullying, 6) school dress code, 7) the safe ingress and egress of students and visitor access to campus, 8) ensuring a safe and orderly school learning environment 9) school discipline procedures, 10) disaster preparedness and earthquake emergency procedures (which are included in the school site Emergency Operations Plan). Plans may also include guidelines regarding mental and physical health and procedures for responding to release of a pesticide or toxic substance.

Last year our attendance rate was 97.10% and this year our attendance rate is 93.93% for August through February. It is our sincere hope that attendance will increase. Before this academic school year started, site administrators met with families to address chronic absenteeism. Site administrators, Parent-Family Liaison (who joined us in October), attendance clerk and school counselor have weekly meetings to plan the course of action to reach out to families with children who have more than one absence in a month. In addition, our attendance committee reaches out via phone calls and/or emails to invite parents/guardians to join us in monthly celebrations (Scholars exemplifying character trait for the month, Golden Eagle Award, Class Awards: Attendance, PE, Music, Art, Library, Cafeteria & Clean Classrooms) and community events (Foothill Parent University, ELAC, SSC, etc.).

Last year we had an 0.8% increase in suspension rate (from 2.7% to 3.5%). Many factors may have contributed to the increase:

1. Interim Principals (beginning + last trimester)
2. No Parent-Family Liaison
3. Part-time counselor
4. Closed campus
5. New Parent Staff Association

This year we are very fortunate to have a new Principal, full-time counselor and CRA, part-time Parent-Family Liaison, parent volunteers, and new committees to support attendance, safety, and instructional leadership. Our hope is that with the unforeseen changes of last year, there will be a new sense of community which will shift the culture of our school. Foothill will continue to implement the following systems of support:

- Continued professional learning focused on Equity, Inclusion, Engagement and Critical Race Theory
- Schoolwide work with Mindful Life Project Coach
- Rise Up Groups led by Mindful Life Project Coach for intensive support of selected scholars
- Counseling services provided by Lincoln Center
- Safe space for scholars during recess & lunch time

In addition, Foothill will implement:

- Restorative Justice Training & Practices
- Foothill Parent University
- Male Mentors

4. Appropriate Programs and Strategies that Provide School Safety

This year at Foothill Elementary we have several programs and strategies in place to ensure the safety of staff and students.

Foothill remains a closed campus to ensure the health and safety of our scholars, staff and parent volunteers. Foothill uses the Ring system for all guests to enter our front gate. We also have cameras throughout the campus. Our CRA and Noon Duty Supervisors are strategically monitoring access points for additional safety. This year, Foothill formed a Campus Safety Committee that meets monthly. The committee consists of Admin, CRA, CSEA: Office Staff, Cafeteria Staff, PEA Staff, Custodial Staff, SPED Representative, and School Nurse. The committee's main duties are:

1. Review and debrief drills
2. Writes AARs (After Action Reports) reports
3. Share observations and needs of their department
4. Collaborate on actions needed for a safer campus
5. Report on suggestions or concerns from their departments

Forms of Communication:

1. All staff members use radios, classroom phones and text messages to communicate with each other.
2. The school also utilizes the intercom system to communicate schoolwide messages such as announcements, drills, or morning messages.
3. Foothill communicates with families through ParentSquare, ClassDojo and or robocalls.

Mental Health Support:

Foothill provided counseling support to students who have been identified for support through the Lincoln Center counseling services. Our school counselor & COST (Coordination of Service Team) coordinator have supported our scholars in small groups, CICO (Check-In/Check-Out), and Lunch Bunch Program (safe space for scholars during recess & lunchtime). The school administrators and site COST Coordinator, along with the Student Study Team and COST team, work collaboratively to ensure the emotional and social safety of our scholars. The Lincoln Center counselors meet with the school administrators on an ongoing basis to discuss any issues or concerns on scholars who have been identified as needing counseling support.

This year we continue our collaboration with The Mindful Life Project, an organization that promotes Social Emotional Learning and strategies for scholars, teachers, and families that promote emotional regulation skills. We have an assigned Mindfulness Coach who meets with each class once a week for 20 minutes and runs small groups 4 afternoons a week for students who need more substantial support. Mindfulness workshops are also provided to parents and staff through this partnership.

Student attendance and engagement with learning are monitored regularly. The site administrator and attendance team call parents to formal Attendance Meetings in-person in order check in with families of children with excessive absences. Home visits are conducted by our District Child Welfare department when necessary for concerns related to lack of attendance and/or engagement. Foothill staff also facilitates student engagement through innovative/engaging lessons and personalized goals to encourage ownership of learning.

The Student Study Team reviews any academic and/or behavior concerns to ensure students reach success in both areas. The team consists of a variety of members such as teachers, counselors, school psychologists, parents, administrators, and any other staff member who can provide relevant information to support student success. The SST provides resources and interventions as necessary. Parents are a part of the team and are encouraged to participate in the process.

Foothill is fortunate to have a new part-time Parent-Family Liaison who continues to build relationships and works with our school community in order to facilitate community & evening events, increase parent involvement, improve attendance, and engagement with school staff and classwork. Our Parent-Family Liaison supports the concerns and challenges of our families and collaborates with admins and staff to facilitate programs such as: Foothill Parent University, Male Mentors, Coffee with the Principals, Sunshine Boxes & CHIPP (Childhood Hunger Initiative Power Pack). Our Parent-Family Liaison is involved with our ELAC and SSC committees. She connects families to appropriate resources that support their needs.

6. Suspension and Expulsion Board Policies

Board Policy 5144.1 Suspension and Expulsion/Due Process

The Governing Board has been elected by the community to provide leadership and citizen oversight of the district. The Board shall ensure that the district is responsive to the values, beliefs, and priorities of the community. PUSD, as a district, is determined to serve the identified needs of all its students as part of its commitment to both equity and providing rigorous learning opportunities to all students to assist them to achieve their highest potential. Following a data driven and results-based approach, the Governing Board supports a cycle of inquiry approach of continual improvement. The program update to the Board will be guided by the cycle of inquiry and the essential questions: What is the need? What are the goals? What are we using to measure progress? What are the results?

The Governing Board desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be only those specified in law, in this policy, and in the accompanying administrative regulation.

Except when otherwise permitted by law, a student may be suspended or expelled only when his/her behavior is related to a school activity or school attendance occurring within any district school or another school district, regardless of when it occurs, including, but not limited to, the following: (Education Code 48900(s))

1. While on school grounds
2. While going to or coming from school
3. During the lunch period, whether on or off the school campus
4. During, going to, or coming from a school-sponsored activity

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, equally, and in accordance with the district's nondiscrimination policies.

Appropriate Use of Suspension Authority

Except when a student's act violates Education Code 48900(a)-(e), as listed in items #1-5 under "Grounds for Suspension and Expulsion: Grades K-12" of the accompanying administrative regulation, or when his/her presence causes a danger to others, suspension shall be used only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5, 48900.6)

A student's parents/guardians shall be notified as soon as possible when there is an escalating pattern of misbehavior that could lead to on-campus or off-campus suspension.

No student may be suspended for disruption or willful defiance, pursuant to Education Code 48910. (Education Code 48900)

Students shall not be suspended or expelled for truancy, tardiness, or absenteeism from assigned school activities.

On-Campus Suspension

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall establish a supervised suspension classroom program which meets the requirements of law.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct.

Authority to Expel

A student may be expelled only by the Board. (Education Code 48918(j))

As required by law, the Superintendent or principal shall recommend expulsion and the Board shall expel any student found to have committed any of the following "mandatory recommendation and mandatory expulsion" acts at school or at a school activity off school grounds: (Education Code 48915)

1. Possessing a firearm which is not an imitation firearm, as verified by a certificated employee, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence
2. Selling or otherwise furnishing a firearm
3. Brandishing a knife at another person
4. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
5. Committing or attempting to commit a sexual assault as defined in Penal Code 261, 266c, 286, 288, 288a, or 289, or committing a sexual battery as defined in Penal Code 243.4
6. Possessing an explosive as defined in 18 USC 921

For all other violations listed in the accompanying administrative regulation under "Grounds for Suspension and Expulsion: Grades K-12" and "Additional Grounds for Suspension and Expulsion: Grades 4-12," the Superintendent or principal shall have the discretion to recommend expulsion of a student. If expulsion is recommended, the Board shall order the student expelled only if it makes a finding of either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

A vote to expel a student shall be taken in an open session of a Board meeting.

The Board may vote to suspend the enforcement of the expulsion order pursuant to the requirements of law and the accompanying administrative regulation. (Education Code 48917)

No student shall be expelled for disruption or willful defiance. (Education Code 48900)

No child enrolled in a preschool program shall be expelled except under limited circumstances as specified in AR 5148.3 - Preschool/Early Childhood Education.

Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and/or expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices, hearings, and appeals as specified in law and administrative regulation. (Education Code 48911, 48915, 48915.5, 48918)

Maintenance and Monitoring of Outcome Data

The Superintendent or designee shall maintain outcome data related to student suspensions and expulsions in accordance with Education Code 48900.8 and 48916.1, including, but not limited to, the number of students recommended for expulsion, the grounds for each recommended expulsion, the actions taken by the Board, the types of referral made after each expulsion, and the disposition of the students after the expulsion period. For any expulsion that involves the possession of a firearm, such data shall include the name of the school and the type of firearm involved, as required pursuant to 20 USC 7961. Suspension and expulsion data shall be reported to the Board annually and to the California Department of Education when so required.

In presenting the report to the Board, the Superintendent or designee shall disaggregate data on suspensions and expulsions by school and by numerically significant student subgroups, including, but not limited to, ethnic subgroups, socioeconomically disadvantaged students, and English learners, students with disabilities, foster youth, and homeless students. Based on the data, the Board shall address any identified disparities in the imposition of student discipline and shall determine whether and how the district is meeting its goals for improving school climate as specified in its local control and accountability plan.

PUSD, as a district, is determined to serve the identified needs of all its students as part of its commitment to both equity and providing rigorous learning opportunities to all students to assist them to achieve their highest potential. Following a data driven and results-based approach, the Governing Board supports a cycle of inquiry approach of continual improvement. The program update to the Board will be guided by the cycle of inquiry and the essential questions: What is the need? What are the goals? What are we using to measure progress? What are the results?

This policy shall apply to all acts constituting unlawful discrimination or harassment related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

The Governing Board desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or group with one or more of these actual or perceived characteristics.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also occurs when prohibited conduct is so severe, persistent, or pervasive that it affects a

student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. In addition, the Superintendent or designee shall post the district's policies prohibiting discrimination, harassment, intimidation, and bullying and other required information on the district's web site in a manner that is easily accessible to parents/guardians and students, in accordance with law and the accompanying administrative regulation.

The Superintendent or designee shall provide training and/or information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. The Superintendent or designee shall report the findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

Record-Keeping

- The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools.

Administration Regulation 5145.7 Sexual Harassment

The Board of Education has been elected by the community to provide leadership and citizen oversight of the district. The Board shall ensure that the district is responsive to the values, beliefs, and priorities of the community. PUSD, as a district, is determined to serve the identified needs of all its students as part of its commitment to both equity and providing rigorous learning opportunities to all students to assist them to achieve their highest potential. The Board of Education is committed to maintaining an educational environment that is free from discrimination, harassment, intimidation and bullying. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The district strongly encourages students who feel that they are being or have been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who have experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact their teacher, the principal, the district's Title IX Coordinator, or any other available school employee. Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 5145.71 Title IX Sexual Harassment Complaint Procedures or BP/AR 1312.3 - Uniform Complaint Procedures, as applicable. The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and action shall be taken to respond to harassment, prevent recurrence, and address any continuing effect on students
6. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made
7. Information about the rights of students and parents/guardians to file a criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
8. A clear message that, when needed, the district will implement supportive measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation

Disciplinary Measures

Upon completion of an investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence of anyone at school or at a school-sponsored or school-related activity is in violation of this policy and shall be subject to disciplinary action. Regulation PITTSBURG UNIFIED SCHOOL DISTRICT

approved: March 14, 2007 Pittsburg, California

revised: May 11, 2022

8. School-wide Dress Code Policy 5132

Dress and Grooming

The Pittsburg Unified School District has mandated that students in grades K-8 wear school uniforms.

The administration is encouraged to establish any needed regulations consistent with this policy through cooperative planning with staff, students and parents

The Governing board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and have mandated that students wear school uniforms. Students who choose not to wear the mandated uniforms will be sent to the office and provided a loaner uniform which is to be returned to the school office at the end of the day.

Uniforms are to be kept clean and neat. White or navy shirts must be properly buttoned. Students must wear belts to assure that pants are worn appropriately and are not "sagging".

The following guidelines shall apply to all regular school activities:

1. Shoes must be worn at all times. Sandals must have heel straps. Flip flops, backless shoes, skate shoes, or slippers are a safety risk and are not acceptable.
2. School uniforms of a white or navy blue will be worn at all times. Tops consist of white or navy blue collared shirts, such as polo shirts and blouse. Any shirt or blouse that is see-thru and requires an undergarment to be worn will be deemed unacceptable. Undershirts will also be white, grey or navy blue. Students may wear school spirit clothing only on Fridays. Uniform bottoms consist of navy blue pants, shorts, skirts, skorts, or jumpers. Shorts, skirts or skorts can be no shorter than mid-thigh (fingertip test). Socks, tights, and leggings worn underneath a skirt will be appropriate. Pants will fit at the waist. Bottoms must be made of twill, cotton blend or corduroy. No jeans/denim. No sweatpants. No leggings as pants.
3. Students not in uniform will be sent to the office to change into loaner uniforms.
4. Hats, baseball caps, shower caps, wave caps, hair nets, bandannas and other head coverings shall not be worn indoors.

5. Hair shall be clean and neatly groomed. Rollers are not permitted.
6. Sunglasses, unless required for medical reasons, may not be worn in the classroom.
7. Gang symbols, apparel, jewelry, accessories, notebooks or manner of grooming which, by virtue of their color, arrangement, trademark or any other attribute, denote membership in gangs, advocate drug use, violence, or disruptive behavior are prohibited.

Students inappropriately attired or lacking in personal cleanliness will be sent to the school office where they will be provided a loaner uniform and/or may be sent home for correction.

The student uniform will be:

- White or navy collared shirt/blouse
- White or navy long or short sleeve polo shirt
- Navy shorts/pants (boys/girls) – **no jeans/denim, sweatpants or leggings as pants**
- Navy skorts/skirts/jumpers (girls)
- No inappropriate pictures or logos that is distracting or condoning violence

Board Policy 5132 Dress and Grooming

In cooperation with teachers, students and parents/guardians, the principal or designee shall establish school rules governing student dress and grooming which are consistent with law, Board policy and administrative regulations. These school dress codes shall be regularly reviewed.

(cf. 0420 - School Plans/Site Councils)

Each school shall allow students to wear sun-protective clothing, including but not limited to hats and sunglasses, for outdoor use during the school day. The principal may determine that hats are prohibited in certain locations or areas where sun protection is not necessary. (Education Code 35183.5)

Shoes must be worn at all times, slippers are not allowed. Clothing, jewelry and personal items (backpacks, fanny packs, gym bags, water bottles etc.) shall be free of writing, pictures or any other insignia which are crude, obscene, vulgar, profane or sexually suggestive, which bear drug, alcohol or tobacco company advertising, promotions and likenesses, or which advocate racial, ethnic or religious prejudice. Dress which is disruptive and contrary to school rules regarding drugs, alcohol, violence, and gang affiliated or related clothing is not permitted. Clothes shall be sufficient to conceal undergarments for males and females at all times. Student clothing such as but not limited to see-through or fish-net fabrics, halter tops, off-the-shoulder or low-cut tops, exposed midriffs and skirts or shorts shorter than mid-thigh and pajamas may be prohibited. Pants are to be worn at waist level. Belts are to be worn if needed to support clothing. Dress that presents a health or safety hazard or a distraction which would interfere with the educational process is prohibited.

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066)

The principal may establish dress, grooming and hygiene guidelines for times when students are engaged in extracurricular, physical education or other special school activities.

(cf. 5121 - Grades/Evaluation of Student Achievement)

At individual schools that have a dress code prohibiting apparel that interferes with the educational process or threatens to disrupt the school's activities, the principal may identify in the school safety plan attire that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus. (Education Code 32282)

Because student dress is constantly changing, clothing and grooming styles that present a health or safety hazard or a distraction which would interfere with the educational process/school activities shall be reviewed at least annually and updated whenever related information is received.

K-8 Mandatory School Uniforms

The Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board recognizes that in order to promote student safety and discourage theft, peer rivalry and/or gang activity the Board may wish to establish a dress code requiring students to wear uniforms. Such a dress code shall be included as part of the school safety plan. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students and maintain a positive school climate. When the plan to require uniforms is adopted, the Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policies. Students shall not be penalized academically, otherwise discriminated against, or denied attendance to school if their parents/guardians so decide. The school shall establish guidelines identified in the school dress code and school safety plans, provisions whereby parents/guardians may choose not to have their children comply with an adopted school uniform policy which is contrary to their beliefs or exceptions deemed appropriate by the principal. The Superintendent or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms. (Education Code 35183)

Foothill is a warm and welcoming school thanks to the families in our community and to the staff members that work here. Building and nurturing healthy relationships is a priority as we seek to empower our scholars to reach their full potential socially, emotionally and academically. With that, school resources have been allotted to purchase SEL materials/supplies, pay teachers for additional collaboration time and increase parent involvement.

We are a multicultural community and we celebrate this fact. Inclusion and equity are at the heart of our decision making as we plan and implement programs and instructional practices to meet the diverse cultural and linguistic needs of our scholars and their families. Our weekly professional development and collaboration time for teachers and staff focuses on culturally relevant and anti-racist teaching practices. Teachers are provided with substantial support with EPOCH training as we work to increase awareness of our unconscious biases, and replace those biases with inclusive and asset-based mindsets and methodologies. We are also working on supporting scholars and faculty restore the harm and rebuild relationships through Restorative Justice training and practices.

Our work with the Mindful Life Project focuses on nurturing the social-emotional development of our students by teaching specific mindfulness tools and strategies designed to promote self-regulation. We have a full time Mindfulness Coach, Terrence, who meets with each class weekly in addition to more intensive work with small groups of referred students in twice weekly "Rise Up," groups. The Mindful Life Project also works with our staff and families via "Mindful Sits," and other guided activities designed to regulate stress responses.

Our 4th and 5th grade students and teachers participate in the AVID program. School budget is allocated for binders, notebooks and all other materials needed for students to implement the organization and time management strategies taught through the AVID program. Professional Development for participating teachers is also provided through the AVID Conference and regional workshops.

Our school library and librarian also play a significant role in maintaining relationships with our students and families. We proudly feature multicultural titles and now have over 16,000 such titles. Our scholars are able to exchange books on a weekly basis. Our librarian conducts Read-Alouds for all scholars no matter age or grade.

Our students follow the 3 Bs: Be Respectful, Be Responsible and Be Safe. Our staff members have skillfully applied the 3Bs to their daily routes & instructions. We have a staff tech mentor that supports us in ensuring that all classrooms have access to computers & necessary programs online. We use Google Classroom and Clever in order to restrict access to only authenticated users.

We are proud of our campus. Staff help keep the campus fresh, clean and safe. We have a school garden program where we currently grow melon, tomatoes, string beans, sunflowers, pomegranates and greens. Staff, teachers and scholars take care of our gardens. In addition, our classroom teachers, counselor, Mindful Life Coach, Cafeteria staff, Music and PE teachers continue to present lessons on making healthy and safe choices and avoiding drugs and alcohol.

11. School Discipline Procedures

In PUSD, student discipline is viewed as a developmental process, and effective strategies for addressing student behavior. Restorative Practices provide opportunities for all members of the community to understand consequences of their actions, address any harm caused by their behavior, and restore disrupted relationships. Our school's disciplinary practices are designed to engage scholars in the learning process so that they may become college and career ready. We believe that fair, firm, and consistent implementation of disciplinary actions is expected and that scholars need to be informed about the consequences of their behavior. We also believe school discipline will be administered in a manner that focuses on teaching students positive behavior and keep them engaged in their regular academic program to the greatest extent practicable.

PUSD administrators are committed to utilizing interventions and disciplinary support/consequences that are consistent, fair, reasonable, age appropriate, and reflective of the severity of the student's misconduct. Foothill is committed to the implementation of progressive discipline and use of other means of correction. Aligning with PUSD's District-wide behavior matrix, Foothill will make every reasonable effort to address and correct student misbehavior using school-based resources at the lowest possible level, and to support students in learning the skills necessary in maintaining a positive school environment. Foothill is committed to supporting scholars with reflective conversation, taking responsibility for their actions and identifying and learning prosocial behaviors.

** Note: The above excerpt incorporates by reference the "Code of Conduct" student response manual and "Matrix" which is a part of a coordinated effort to improve school climate for all stakeholders/educational partners, reduce suspension and expulsion, eliminate disproportionality in disciplinary responses, and focuses on prevention and intervention rather than punishment.

11a. Discipline Board Policy
Board Policy 5144 Discipline

The Board of Education has been elected by the community to provide leadership and citizen oversight of the district. The Board shall ensure that the district is responsive to the values, beliefs, and priorities of the community. PUSD, as a district, is determined to serve the identified needs of all its students as part of its commitment to both equity and providing rigorous learning opportunities to all students to assist them to achieve their highest potential. Following a data driven and results based approach, the Governing Board supports a cycle of inquiry approach of continual improvement. The program update to the Board will be guided by the cycle of inquiry and the essential questions: What is the need? What are the goals? What are we using to measure progress? What are the results?

The Governing Board is committed to providing a safe, supportive, and positive school environment which is conducive to student learning and achievement and desires to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent/guardian involvement can minimize the need for disciplinary measures that exclude students from instruction as a means for correcting student misbehavior.

The Superintendent or designee shall develop effective, age-appropriate strategies for maintaining a positive school climate and correcting student misbehavior at district schools. The strategies shall focus on providing students with needed supports; communicating clear, appropriate, and consistent expectations and consequences for student conduct; and ensuring equity and continuous improvement in the implementation of district discipline policies and practices.

In addition, the Superintendent or designee's strategies for correcting student misconduct shall reflect the Board's preference for the use of positive interventions and alternative disciplinary measures over exclusionary discipline measures.

Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as detention, suspension, and expulsion, shall be imposed only when required or permitted by law or when other means of correction have been documented to have failed. (Education Code 48900.5)

School personnel and volunteers shall not allow any disciplinary action taken against a student to result in the denial or delay of a school meal. (Education Code 49557.5)

Seclusion and behavioral restraint are prohibited as a means of discipline and shall not be used to correct student behavior except as permitted pursuant to Education Code 49005.4 and in accordance with district regulations. (Education Code 49005.2)

The Superintendent or designee shall create a model discipline matrix that lists violations and the consequences for each as allowed by law.

The administrative staff at each school may develop disciplinary rules to meet the school's particular needs consistent with law, Board policy, and district regulations. The Board, at an open meeting, shall review the approved school discipline rules for consistency with Board policy and state law. Site-level disciplinary rules shall be included in the district's comprehensive safety plan. (Education Code 32282, 35291.5)

At all times, the safety of students and staff and the maintenance of an orderly school environment shall be priorities in determining appropriate discipline. When misconduct occurs, staff shall attempt to identify the causes of the student's behavior and implement appropriate discipline. When choosing between different disciplinary strategies, staff shall consider the effect of each option on the student's health, well-being, and opportunity to learn.

Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the district's nondiscrimination policies.

The Superintendent or designee shall provide professional development as necessary to assist staff in developing the skills needed to effectively and equitably implement the disciplinary strategies adopted for district schools, including, but not limited to, knowledge of school and classroom management skills and their consistent application, effective accountability and positive intervention techniques, and the tools to form strong, cooperative relationships with parents/guardians.

District goals for improving school climate, based on suspension and expulsion rates, surveys of students, staff, and parents/guardians regarding their sense of school safety and connectedness to the school community, and other local measures, shall be included in the district's local control and accountability plan, as required by law.

At the beginning of each school year, the Superintendent or designee shall report to the Board regarding disciplinary strategies used in district schools in the immediately preceding school year and their effect on student learning.

Administrative Regulation 5144 Discipline

Site-Level Rules

Each school shall review its site-level discipline rules at least every four years.

It shall be the duty of each employee of the school to enforce the school rules on student discipline. (Education Code 35291)

Disciplinary strategies provided in Board policy, regulation and law may be used in developing site-level rules. These strategies include but are not limited to:

1. Referral of the student for advice and counseling
(cf. 6164.2 - Guidance/Counseling Services)
2. Discussion or conference with parents/guardians
(cf. 5020 - Parent Rights and Responsibilities)
(cf. 6020 - Parent Involvement)
3. Recess restriction
4. Detention during and after school hours
5. Community service
6. Reassignment to an alternative educational environment
(cf. 6158 - Independent Study)
(cf. 6181 - Alternative Schools)
(cf. 6184 - Continuing Education)
(cf. 6185 - Community Day School)
7. Removal from the class in accordance with Board policy, administrative regulation and law
8. Suspension and expulsion
(cf. 5144.1 - Suspension and Expulsion/Due Process)
(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student. (Education Code 49001)

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property or to obtain possession of weapons or other dangerous objects within the control of the student. (Education Code 49001)

(cf. 4158/4258/4358 - Employee Security)

(cf. 5131.7 - Weapons and Dangerous Instruments)

Recess Restriction

A teacher may restrict a student's recess time when he/she believes that this action is the most effective way to bring about improved behavior, subject to the following conditions:

1. The student shall be given adequate time to use the restroom and get a drink or eat lunch, as appropriate.
2. The student shall remain under a certificated employee's supervision during the period of restriction.

Detention After School

Students may be detained for disciplinary reasons up to one hour after the close of the maximum school day. (5 CCR 353)

If a student will miss his/her school bus on account of being detained after school, or if the student is not transported by school bus, the principal or designee shall notify parents/guardians of the detention at least one day in advance so that alternative transportation arrangements may be made. The student shall not be detained unless the principal or designee notifies the parent/guardian.

In cases where the school bus departs more than one hour after the end of the school day, students may be detained until the bus departs. (5 CCR 307, 353)

Students shall remain under the supervision of a certificated employee during the period of detention. Students may be offered the choice of serving their detention on Saturday rather than after school.

(cf. 6176 - Weekend/Saturday Classes)

Community Service

As part of or instead of disciplinary action, the Board of Education, Superintendent, principal or principal's designee may, at his/her discretion, require a student to perform community service on school grounds, or with written permission of the student's parent/guardian off school grounds, during nonschool hours. Such service may include, but is not limited to, community or school outdoor beautification, campus betterment, and teacher, peer or youth assistance programs. (Education Code 48900.6)

This community service option is not available for a student who has been suspended, pending expulsion, pursuant to Education Code 48915. However, if the recommended expulsion is not implemented or the expulsion itself is suspended, then a student may be required to perform community service for the resulting suspension pursuant to this section. (Education Code 48900.6)

Notice to Parents/Guardians and Students

At the beginning of the school year, the Superintendent or designee shall notify parents/guardians, in writing, about the availability of district rules related to discipline. (Education Code 48980)

(cf. 5145.6 - Parental Notifications)

The Governing Board desires to promote effective communication between the school and the home and to keep parents/guardians informed regarding educational programs, school operations, and the legal rights of students and their parents/guardians. The Superintendent or designee shall send parents/guardians and students all notifications required by law and any other notifications he/she believes will promote parental understanding and involvement.

(cf. 5020 - Parent Rights and Responsibilities)

(cf. 5022 - Student and Family Privacy Rights)

(cf. 6020 - Parent Involvement)

Notice of the rights and responsibilities of parents/guardians as specified in Education Code 48980 shall be sent at the beginning of each academic year and may be provided by regular mail, in electronic form when so requested by the parent/guardian, or by any other method normally used by the district for written

communication with parents/guardians. (Education Code 48981)

No activity specified in Education Code 48980 shall be undertaken with respect to any particular student unless his/her parent/guardian has been informed of such action through the annual notification or other separate special notification. Such notice shall state the activity that will be undertaken and the approximate date on which the activity will occur. (Education Code 48983- 48984)

The annual notification shall include a request that the parent/guardian sign the notice and return it to the school or, if the notice is provided in electronic format, that the parent/guardian submit a signed acknowledgment of receipt of the notice to the school. The parent/guardian's signature is an acknowledgment of receipt of the information but does not indicate that consent to participate in any particular program has been given or withheld. (Education Code 48982)

Whenever a student enrolls in a district school during the school year, his/her parents/guardians shall be given all required parental notifications at that time.

Notifications shall be presented in an understandable and uniform format and, to the extent practicable, in a language that parents/guardians can understand.

Whenever 15 percent or more of the students enrolled in a district school speak a single primary language other than English, as determined from the California Department of Education census data collected pursuant to Education Code 52164, all notices sent to the parent/guardian of any such student shall, in addition to being written in English, be written in the primary language, and may be responded to either in English or the primary language. (Education Code 48981, 48985)

Whenever an employee learns that a student's parent/guardian is unable to understand the district's printed notifications for any reason, he/she shall inform the principal or designee, who shall work with the parent/guardian to establish other appropriate means of communication.

12. Instructions For Administration Of Naloxone Nasal Spray

Use naloxone nasal spray for known or suspected opioid overdose in adults and children. Each naloxone nasal spray has 1 dose and cannot be reused.

STEP 1: EVALUATE FOR SIGNS OF OPIOID OVERDOSE

Signs of OVERDOSE*, which often results in death if not treated, include:

- Unconsciousness or inability to awaken
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened
- Fingernails or lips turning blue/purple

OPIOID HIGH vs. OPIOID OVERDOSE

OPIOID HIGH	OPIOID OVERDOSE
Relaxed muscles	Pale, clammy skin
Speech slowed, slurred	Cannot speak, very shallow breathing or not breathing
Breathing slow or shallow	Slowed heartbeat or stopped
Appears sleepy, nodding off	Deep snorting or gurgling, vomiting
Responds to stimuli but difficulty being awakened from sleep	Unresponsive to stimuli (calling name, shaking, sternal rub)
Normal heart beat/pulse	Cyanotic skin color (blue lips, fingertips)
Normal skin color	Pinpoint pupils

Suspicion of opioid overdose can be based on:

- Presenting symptoms
- History
- Report from bystanders
- School Nurse or staff prior knowledge of person
- Nearby medications, illicit drugs or drug paraphernalia

*If the person does not respond to stimuli (as above), go to STEP 2.

STEP 2: ADMINISTER NALOXONE (SEE NARCAN™ Nasal Spray QUICK START GUIDE below)

- Action 1.
 - Lay the person on their back to receive a dose of naloxone nasal spray
- Action 2.
 - Remove naloxone nasal spray from the box
 - Peel back the tab with the circle to open the naloxone nasal spray
- Action 3.
 - Hold the naloxone nasal spray with your thumb on the bottom of the plunger and your first and middle fingers on either side of the nozzle
- Action 4.
 - Tilt the person's head back and provide support under the neck with your hand
 - Gently insert the tip of the nozzle into one nostril until your fingers on either side of the nozzle are against the bottom of the person's nose
- Action 5.
 - Press the plunger firmly to give the dose of naloxone nasal spray
- Action 6.
 - Remove the naloxone nasal spray from the nostril after giving the dose

STEP 3: CALL 911 FOR HELP

- Call for help- Dial 911 after naloxone nasal spray is used
 - State: "Someone is unresponsive and not breathing."
 - Give a specific address and/or description of your location
 - Follow dispatcher's instructions

STEP 4: RESUSCITATE/SUPPORT THE PERSON'S BREATHING

- Assess breathing: Perform rescue breathing if needed.
 - Place the person on their back.
 - Check to see if there is anything in their mouth blocking the airway, such as gum, toothpick, undissolved pills, syringe cap, cheeked Fentanyl patch. If present, remove it while wearing gloves.

- Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
 - If using a mask, place and hold mask over mouth and nose
 - If not using a mask, pinch their nose with one hand and place your mouth over the person's mouth to make a seal and give two (2) slow breaths.
 - Watch for the person's chest (but not the stomach) to rise.
 - Follow up with one breath every 5 seconds.
- Assess pulse: Perform CPR if needed. (CPR certification is recommended, not required)

STEP 5: MONITOR THE PERSON'S RESPONSE

- If the person responds by returning to spontaneous breathing, move the person on their side (recovery position) after giving naloxone nasal spray
- Watch the person closely until help arrives
- If the person does not respond by waking up, to voice or touch, or breathing normally after 2 to 3 minutes of naloxone nasal spray administration, another dose may be given
- Resume rescue breathing if spontaneous breathing does not recur
- Stay with the person until help arrives
- Follow school administrator's guidance regarding the seizing of all illegal and/or non-prescribed opioid narcotics found on victim; process in accordance with Pittsburg Unified School District protocols

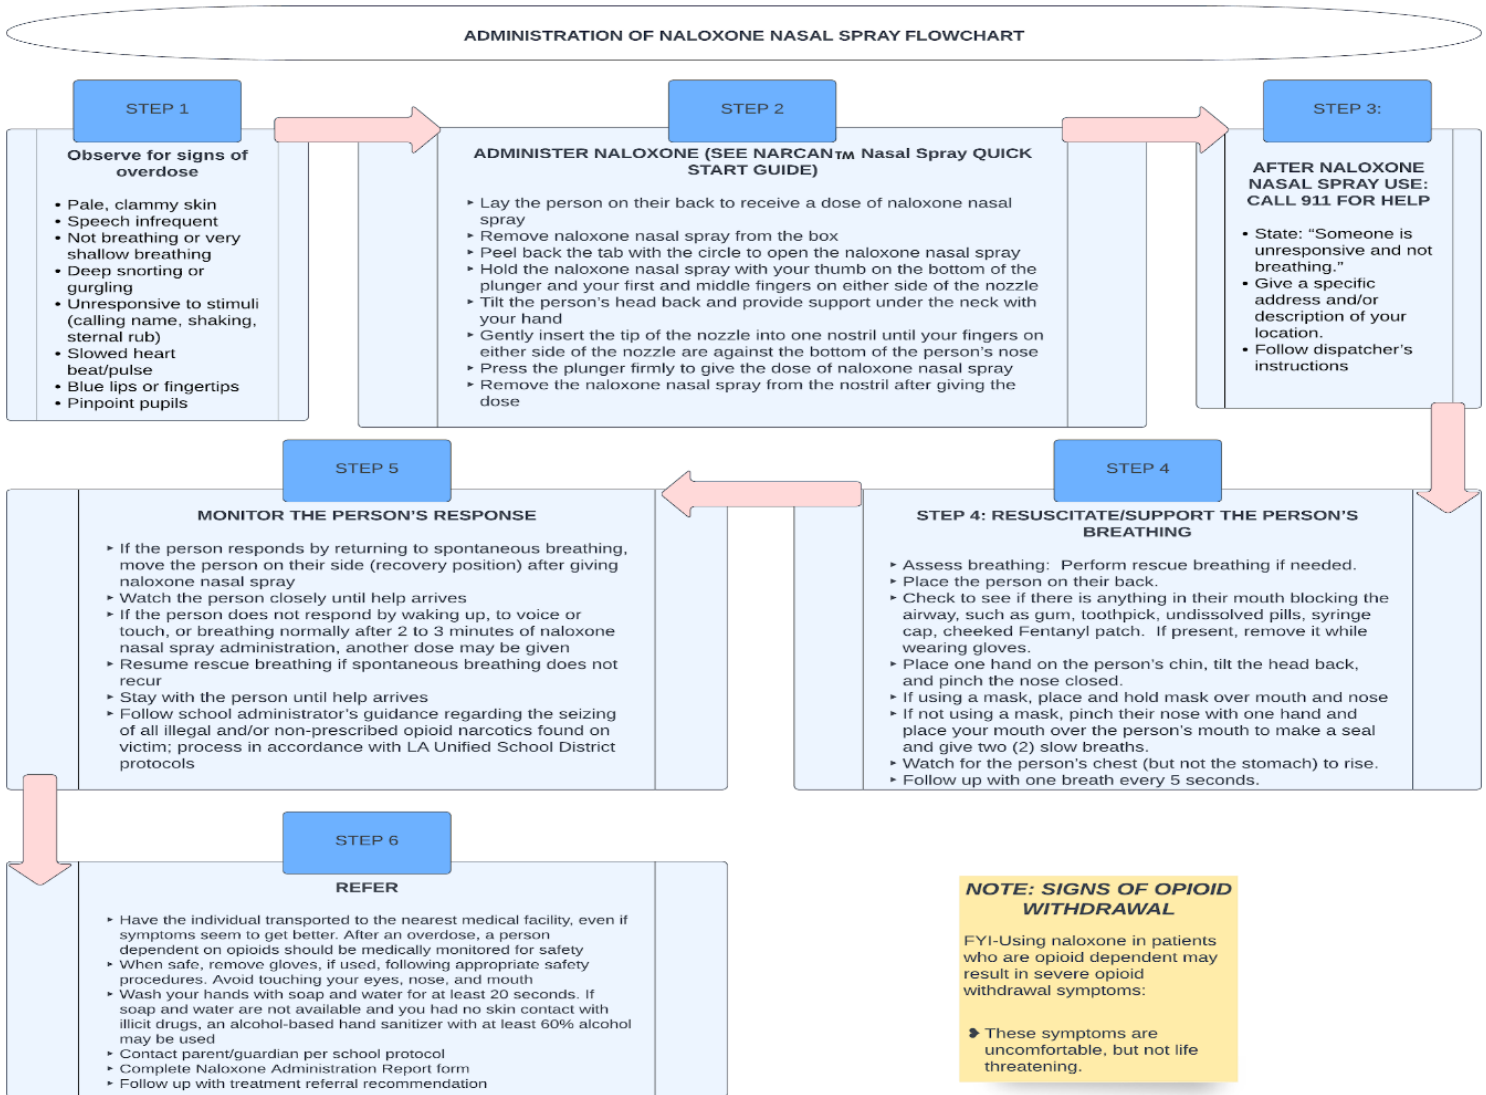

NOTE SIGNS OF OPIOID WITHDRAWAL: Using naloxone in patients who are opioid dependent may result in severe opioid withdrawal symptoms such as restlessness or irritability, body aches, diarrhea, tachycardia, fever, runny nose, sneezing, piloerection (goosebumps), sweating, yawning, nausea or vomiting, nervousness, shivering or trembling, abdominal cramps, weakness, tearing, insomnia, opioid craving, dilated pupils, and increased blood pressure.

These symptoms are uncomfortable, but not life threatening.

STEP 6: REFER

- Have the individual transported to the nearest medical facility, even if symptoms seem to get better. After an overdose, a person dependent on opioids should be medically monitored for safety
- When safe, remove gloves, if used, following appropriate safety procedures. Avoid touching your eyes, nose, and mouth
- Wash your hands with soap and water for at least 20 seconds. If soap and water are not available and you had no skin contact with illicit drugs, an alcohol-based hand sanitizer with at least 60% alcohol may be used
- Contact parent/guardian per school protocol
- Complete Naloxone Administration Report form
- Follow up with treatment referral recommendations

13. Disaster Procedures, Routine & Emergency - EOP

The Emergency Operations Plan is reviewed annually in conjunction with the Supervisor of Site Safety and Emergency Preparedness. Included in the EOP are updated listings of emergency response team members and assignments, including team members responsible for adaptations for pupils with disabilities.

Staff members will be trained in emergency response and management procedures, with reviews each school year so that they are able to provide directions and to keep students safe in the case of an emergency. In addition school sites will hold regular fire/emergency drills and the dates/ times are recorded at each school site and shared with the Supervisor of Site Safety and Emergency Preparedness.

Each school site will have Search and Rescue equipment, classroom go bags, lockdown kits, an incident command system (with principal) and a location where all emergency supplies are secured. These supplies will be inventoried each year. Emergency Procedure Guide Flip Charts are available in each classroom and each classroom has a Basic First Aid Kit. School offices will have emergency response plans, guidelines, and reference guides to assist staff in every type of emergency.

The district has an emergency communications system designed to allow schools to report status during an emergency via computer, radio, phone and the district's internal phone system. Schools have hand-held radios for on-campus communications. School bus drivers and campus staff use a district-wide radio system to connect school sites to the district office and Transportation.

Pursuant to Education Code 32282, the Pittsburg Unified School District grants the use of school buildings, grounds, and equipment to public agencies, including the American Red Cross, for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. We cooperate with such agencies in furnishing and maintaining whatever services they deem necessary to meet the community's needs.
