Welcome!

Dear Pittsburg Unified School District Employees,

We prepared this handbook to help employees find the answers to many questions that they may have regarding their employment with Pittsburg Unified School District (PUSD). Please take the necessary time to read it.

We do not expect this handbook to answer all questions. Supervisors and Human Resources also serve as a major source of information.

Neither this handbook nor any other verbal or written communication by a management representative is, nor should it be considered to be, an agreement, contract of employment, express or implied, or a promise of treatment in any particular manner in any given situation, nor does it confer any contractual rights whatsoever.

Many matters covered by this handbook, such as benefit plan descriptions, are also described in separate District documents. These District documents supersede any statement made in this handbook or by any member of management.

This handbook states only general District guidelines. The District may, at any time, in its sole discretion, modify or vary from anything stated in this handbook, with or without notice.

Sincerely,

Dr. Zachary Kahn, Assistant Superintendent of Human Resources

1 - 1 INTRODUCTION

Superintendent Schulze greeting

Welcome to Pittsburg Unified School District!

Thank you for choosing to be part of our team in PUSD! We are incredibly happy to have you as an employee in our wonderful District. Our new Employee Handbook outlines the personnel policies and procedures for our District, including our District's Mission and Board Goals. Our intent with this handbook is to make it easier to navigate and find the information you need to support your work, including your rights and responsibilities.

Choosing to work in service of children is one of the best decisions I made. Throughout my career in various roles, I have had the good fortune to wake up and feel thankful and excited about the work each day. I want all of our employees in PUSD to feel this same way and it is our intent to do everything possible to create a positive and supportive work environment where you can thrive and grow.

All of our employees: classified, certificated, and administrators, are the key to providing the best quality education for our scholars. 2 - 6 OVERTIME

Overtime and Extra Time is paid in compliance with State and Federal law and according to the appropriate Collective Bargaining Agreement and with prior approval of your supervisor.

2 - 7 YOUR PAYCHECK

It is District policy and practice to accurately compensate employees and to do so in compliance with all applicable state and federal laws. To ensure employees are paid properly and no improper deductions are made, employees must review their pay warrants promptly to identify and to report all errors (underpayments and/or overpayments).

The employee will be paid monthly for all the time worked during the past pay period.

Payroll warrants itemize deductions made from gross earnings. By law, the District is required to make deductions for Social Security (as applicable), Federal and State income tax and any other appropriate taxes. These required deductions may also include any court-ordered garnishments. Payroll warrants will also differentiate between regular pay received and extra time and/or overtime pay received.

If there is an error in an employee's pay, the employee should bring the matter to the attention of the Payroll Technician immediately so the District can resolve the matter quickly.

2 - 8 DIRECT DEPOSIT

Pittsburg Unified School District strongly encourages employees to use direct deposit. Authorization forms are available in Human Resources, the Payroll Department, or through the link below. Direct deposits are emailed to the employee's district email, and not provided in paper format.

[Direct Deposit Form](#)

If Direct Deposit is not feasible, the other option is Rapid PayCard. The *Rapid PayCard* works like a traditional ATM/Debit card over the Visa Network.

- Employees receive their pay sooner than with a printed paycheck and can instantly use their *Rapid PayCard*.
- Funds do not become invalid after six months if they are not cashed or used like they currently do with printed paychecks.
- There are NO fees to use the *Rapid PayCard* and many convenient ways to access your pay, such as:
 - Free over-the-counter cash withdrawal at all banks which display the Visa logo (up to \$5,050 per day).

- Free electronic transfer of funds to another bank account and online bill pay features.
- Free cash withdrawal from Allpoint and MoneyPass ATMs; Two (2) \$510 transactions per day for a total of \$1,020 daily. The ATMs are usually located at Safeway, CVS Pharmacies, Costco, Walgreens, Target, and many other retailers.
- Free point of sale purchases (including cash back where it is available) anywhere Visa debit card is accepted.
- You can receive a free money order for account balance on your card each month at the Post Office

4 - 6 PUBLICITY/STATEMENTS TO THE MEDIA

All media inquiries must go through the District Digital Communications Specialist. Employees cannot respond to the media on behalf of the District. Only the Superintendent or the District Communications and Public Relations Specialist (on behalf of the Superintendent) are authorized to make or approve public statements or comments on behalf of the District. He/she may provide or mail a copy of the written report to the principal, Superintendent or designee without his/her signature or name.

EMPLOYEE USE OF TECHNOLOGY - (E4040)

Employee Acceptable Use Agreement of Technology Resources:

It is the agreement of the Pittsburg Unified School District (PUSD or District) to afford broad access to district computers, communications systems (email, web sites, smart phones, blogging, podcasting and/or other emerging technologies), the Internet and an array of technology resources for district employees for use in fulfilling the district's missions, and for the appropriate district-related activities. The purpose of this Acceptable Use Agreement is to outline the acceptable and unacceptable use by employees of district technology resources and personal technology resources that access or use district resources. The principles outlined herein are in place to protect both the employee and the district. This agreement

applies to all non-student users of the district's technology resources including contractors and affiliated third parties. (Student users of the district's technology resources are governed by a separate Acceptable Use Agreement.) It is the sole responsibility of each employee to be informed about his/her responsibilities and the district's expectations for the use of technology resources.

While using district technology resources each employee must act in an appropriate manner consistent with district, ethical and legal principles. This includes any remote access which employees may gain off-site, but which involves the use of district sites, servers, intranet facilities, email accounts, software or equipment. It also includes the use of personal technology resources when such personal resources are utilizing district servers, intranet facilities, email accounts, software or storing or accessing PUSD data.

Access to technology resources carries with it the responsibility for ensuring that the use of these resources is primarily for PUSD purposes and district-related activities, and for maintaining the integrity and security of the district's technology equipment and facilities. The district's communication systems have not been established as a public access service or a public forum. The district has the right to place reasonable restrictions on the material employee's access or post through the technology resources. In the interest of making the use of technology resources a natural part of the day-to-day work of all members of the district community, incidental personal use is acceptable. However, the use of district technology resources is prohibited for personal purposes during assigned work time. Use of district technology resources for personal purposes should be incidental, done on the employee's own time, and at the employee's own risk. The district's technology resources shall never be used to solicit commercial sales for personal benefit, religious activities, or for political lobbying.

Effective security of technology resources is a team effort that involves the participation and support of every employee. Employees must respect the integrity and security of PUSD's information technology system, and the access privileges, privacy, and reasonable preferences of other users. Employees having access to technology resources must take reasonable care to ensure that unauthorized persons are not able to use their access to the system. The use of PUSD technology resources may involve the use of a password, network access code or other identifying or validating code. Such passwords and codes are to be protected as private information provided to the individual user for their sole purpose. Such passwords and codes shall not be disclosed by the employee to others. Employees shall immediately notify Educational Technology if you have identified a possible security problem. Employees further agree to avoid the inadvertent spread of computer viruses by following the district's virus protection procedures.

The district's technology resources are, by nature, finite. Employees must recognize that certain uses of the district's technology resources may be limited for reasons related to the capacity or security of the district's information technology system, or as required for fulfilling the district's primary instruction and public service missions.

No information technology resources can absolutely guarantee the privacy or confidentiality of electronic data, information and the transmission of such. However, all employees shall take reasonable precautions to protect electronic data, information and the transmission of such containing private and confidential information. The privacy and protection of personally identifiable student and employee data is of paramount importance. Likewise, the safeguarding of physical technology resources assigned to employees is the responsibility of the employee. It is the employee's responsibility to report the loss of private and confidential information, and the

loss of technology equipment to the Educational Technology immediately upon the discovery of the loss.

In addition to the general principles set forth in this Acceptable Use Agreement, the use of technology resources may be affected by a number of other legal and ethical principles. While it is not possible to list all potentially applicable laws, regulations and local standards, the following are provided:

1. The use of district technology resources may involve the use of a password, network access code or other identifying or validating code. Such passwords and codes are to be protected as private information provided to the individual user for their sole purpose. Such passwords and codes shall not be disclosed by the employee to others. Users may not try to gain unauthorized access ("hacking") to the files or technology systems of any other person or organization.

2. District technology resources shall not be used for any activity, or to transmit any material, that violates United States, California or local laws. This includes, but is not limited to, fraudulent acts, violations of copyright, or other intellectual property laws, and any threat or act of intimidation or harassment against another person. PUSD technology resources users may not intentionally create, store, display, print, or transmit information which violates the district's Sexual Harassment Agreement.

3. District technology resources shall not be used to download, copy, or store any copyrighted software, publications, music, video, or other content without permission from the copyright holder. Any software that is installed on district technology resources shall be properly licensed from the copyright owner thereof, and any modifications must comply with the terms of the applicable license(s). PUSD retains the right to remove software that is not compliant with copyright laws or applicable license(s), or that

cause the workstation to become unstable or consume excessive technology resources.

4. The use of district technology resources is not private; employees should not expect that files stored on or transmitted via PUSD's resources will be confidential. All digital transmissions are subject to inspection and/or monitoring by district employees and other officials. Digital storage is PUSD property, and as such, network administrators will review files and communications to maintain system integrity and ensure that employees are using technology responsibly. Data, information and transmissions using district technology resources constitute public records and may be subject to public records retention and release laws.

5. Employees are expected to model tolerance and good manners. district technology resource users agree not to send, access, submit, publish, display or print hate mail, defamatory statements, vulgar, derogatory, obscene, profane, sexually oriented, threatening, offensive or illegal material or language over the Internet or PUSD technology resources, or using PUSD technology resources. District technology resources users shall not access Web sites, newsgroups, or chat areas that contain material that is prohibited under child pornography laws or that promotes illegal acts. The use of district technology resources in a manner intended to injure or humiliate others by disclosure of personal information (whether true or false), personal attacks on others, and statements expressing animus towards any person or group by reason of race, color, religion, national origin, gender, sexual orientation or disability is not acceptable. Cyber bullying is specifically prohibited. It shall be the employee's responsibility to report the inappropriate use, web site, or communication to the employee's supervisor.

6. District technology resources users shall not post anonymous messages or attempt to impersonate

another person by forging email, web pages or other electronic media.

7. District technology resource users agree not to send, access, submit, publish, display or print over the Internet or PUSD technology resources, or using PUSD technology resources, any obscene, profane, sexually oriented, threatening, offensive or illegal material.

8. The primary use of the district's technology resources is for district-related work. While some incidental personal use of the PUSD technology resources is permitted, such incidental use will not be deemed a waiver of district's right to prohibit all such use, either on an individually-applicable or on a generally-applicable basis.

9. District technology resources users shall not use PUSD technology resources to conduct for-profit business activities or to engage in religious or political activities. Employees shall not use district technology resources for advertising, promotion commercial purposes, or similar objectives.

10. District technology resources users shall not send unsolicited email messages, including the sending of "junk mail" or other advertising material to individuals who did not specifically request such material ("spamming"). PUSD technology resources users shall not create or forward "chain letters," "Ponzi," or other "pyramid" schemes of any type.

11. Virtual and physical vandalism shall not be tolerated. Any intentional act by an employee that damages or interferes with performance of district technology hardware, software, operating systems, or communication systems will be considered vandalism and will be subject to discipline and/or appropriate criminal, or civil action. PUSD technology resources users shall not introduce malicious programs into the district's technology resources (e.g. viruses, worms, Trojan horses, email bombs, etc.). District technology

resources users shall not intentionally disrupt network traffic or crash the network and connected systems; users shall not degrade or disrupt equipment or system performance.

12. Employees may bring personal technology, including computers, smart phones, network access devices, or other electronic signaling devices to their work place. However, the district is not responsible for the safeguarding of such personal technology. This does not include routers or wireless access points.

13. Employees shall not take data, equipment, software or supplies (paper, toner cartridges, disks, etc.) for their own personal use. Such taking will be treated as theft. Employees may take computer equipment home or to off-site destinations for district-related purposes with the prior permission of their supervisor.

PUSD will cooperate fully with local, state, and federal officials in any investigation related to any suspected illegal activities conducted through district technology resources.

Employees who violate this Acceptable Use Agreement may have their access privileges suspended or revoked. In addition, further disciplinary action may be taken as permitted by applicable law and/or the terms of any applicable collective bargaining agreement.

Notwithstanding the language or descriptions used in this Acceptable Use Agreement, Board Policy 4040 and associated administrative rules and regulations govern the use of PUSD technology resources. All employees, contractors and associated third parties shall acknowledge receipt of this Acceptable Use Agreement and their responsibility to abide by the provisions of Board Policy 4040, associated rules and regulations, and this Acceptable Use Agreement.

SEXUAL HARASSMENT - (BP 4119.11)

The following policy shall apply to all district employees, interns, volunteers, contractors, job applicants, and other persons with an employment relationship with the district.

The Governing Board is committed to providing a safe work environment that is free of harassment and intimidation. The Board prohibits sexual harassment against district employees and retaliatory behavior or action against any person who complains, testifies, or otherwise participates in the complaint process established for the purpose of this policy.

Sexual harassment includes, but is not limited to, harassment that is based on the sex, gender, gender identity, gender expression, or sexual orientation of the victim and harassment based on pregnancy, childbirth, or related medical conditions.

The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sexual harassment, including but not limited to:

1. Providing training to employees in accordance with law and administrative regulation
2. Publicizing and disseminating the district's sexual harassment policy to employees and others to whom the policy may apply.
3. Ensuring prompt, thorough, and fair investigation of complaints
4. Taking timely and appropriate corrective/remedial action(s), which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments

The Superintendent or designee shall periodically evaluate the effectiveness of the district's

strategies to prevent and address harassment. Such evaluation may involve conducting regular anonymous employee surveys to assess whether harassment is occurring or is perceived to be tolerated, partnering with researchers or other agencies with the needed expertise to evaluate the district's prevention strategies, and using any other effective tool for receiving feedback on systems and/or processes. As necessary, changes shall be made to the harassment policy, complaint procedures, or training.

Sexual Harassment Reports and Complaints

District employees who feel that they have been sexually harassed in the performance of their district responsibilities or who have knowledge of any incident of sexual harassment by or against another employee shall immediately report the incident to their direct supervisor, a district administrator, or the district's Title IX Coordinator. Employees may bypass their supervisor in filing a complaint if the supervisor is the subject of the complaint. A supervisor or administrator who receives a harassment complaint shall promptly notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 4119.12/4219.12/4319.12 - Title IX Sexual Harassment Complaint Procedures or AR 4030 - Nondiscrimination in Employment, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 4119.12/4219.12/4319.12 concurrently meets the requirements of AR 4030.

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

Upon investigation of a sexual harassment complaint, any district employee found to have

engaged or participated in sexual harassment or to have aided, abetted, incited, compelled, or coerced another to commit sexual harassment in violation of this policy shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

PUSD, as a district, is determined to serve the identified needs of all its students as part of its commitment to both equity and providing rigorous learning opportunities to all students to assist them to achieve their highest potential. Following a data driven and results-based approach, the Governing Board supports a cycle of inquiry approach of continual improvement. The program update to the Board will be guided by the cycle of inquiry and the essential questions: What is the need? What are the goals? What are we using to measure progress? What are the results? The Board of Education encourages each employee to inform the district as soon as possible if he/she contracts an infectious disease which creates a physical or mental disability. The Board will reasonably accommodate the needs of such individuals.

The Governing Board is determined to provide a safe, positive environment where all district employees are assured of full and equal employment access and opportunities, protection from harassment and intimidation, and freedom from any fear of reprisal or retribution for asserting their employment rights in accordance with law. For purposes of this policy, employees

include job applicants, interns, volunteers, and persons who contracted with the district to provide services, as applicable.

No district employee shall be discriminated against or harassed by any coworker, supervisor, manager, or other person with whom the employee comes in contact in the course of employment, on the basis of the employee's actual or perceived race, color, ancestry, national origin, age, religious creed, marital status, pregnancy, physical or mental disability, medical condition, genetic information, military and veteran status, sex, sexual orientation, gender, gender identity, gender expression, or association with a person or group with one or more of these actual or perceived characteristics.

Complaint Procedure

Any other complaint alleging unlawful discrimination or harassment shall be addressed in accordance with the following procedures:

1. **Notice and Receipt of Complaint:** A complainant may inform a direct supervisor, another supervisor, the coordinator, the Superintendent or, if available, a complaint hotline or an ombudsman. The complainant's direct supervisor may be bypassed in filing a complaint when the supervisor is the subject of the complaint.

The complainant may first attempt to resolve the situation informally with the complainant's supervisor before filing a written complaint.

A supervisor or manager who has received information about an incident of discrimination or harassment, or has observed such an incident, shall report it to the coordinator, whether or not the complainant files a written complaint.

The written complaint should contain the

complainant's name, the name of the individual who allegedly committed the act, a description of the incident, the date and location where the incident occurred, any witnesses who may have relevant information, any available evidence of the discrimination or harassment, and any other pertinent information which may assist in investigating and resolving the complaint.

2. **Investigation Process:** The coordinator shall initiate an impartial investigation of an allegation of discrimination or harassment within five business days of receiving notice of the alleged discriminatory or harassing behavior, regardless of whether a written complaint has been filed or whether the written complaint is complete.

The coordinator shall meet with the complainant to describe the district's complaint procedure and discuss the actions being sought by the complainant in response to the allegation. The coordinator shall inform the complainant that the investigation of the allegations will be fair, timely, and thorough and will be conducted in a manner that provides all parties due process and reaches reasonable conclusions based on the evidence collected. The coordinator shall also inform the parties that the investigation will be kept confidential to the extent possible, but that some information may be disclosed as necessary to conduct an effective investigation.

If the coordinator determines that a detailed fact-finding investigation is necessary, the investigation shall begin immediately. As part of this investigation, the coordinator should interview the complainant, the person accused, and other persons who could be expected to have relevant information.

The coordinator shall track and document the progress of the investigation to ensure reasonable progress and shall inform the parties as necessary.

When necessary to carry out the investigation or to protect employee safety, the coordinator may discuss the complaint with the Superintendent or designee, district legal counsel, or the district's risk manager.

The coordinator shall also determine whether interim measures, such as scheduling changes, transfers, or leaves, need to be taken before the investigation is completed in order to prevent further incidents. The coordinator shall ensure that such interim measures do not constitute retaliation.

3. **Written Report on Findings and Remedial/Corrective Action:** No more than 20 business days after receiving the complaint, the coordinator shall conclude the investigation and prepare a written report of the findings. This timeline may be extended for good cause. If an extension is needed, the coordinator shall notify the parties and explain the reasons for the extension.

The report shall include the decision and the reasons for the decision and shall summarize the steps taken during the investigation. If a determination has been made that discrimination or harassment occurred, the report shall also include any corrective action(s) that have been or will be taken to address the behavior, provide appropriate options for remedial actions and resolutions for the complainant, and ensure that retaliation or further discrimination or harassment is prevented. The report shall be presented to the Superintendent or designee.

A summary of the findings shall be presented to the complainant and the person accused.

4. **Appeal to the Governing Board:** The complainant or the person accused may appeal any findings to the Board within 10 business days of receiving the written report of the coordinator's findings. The Superintendent or designee shall provide the Board with all information presented during the investigation. Upon receiving an appeal, the Board shall schedule a hearing as soon as practicable. Any complaint against a district employee shall be addressed in closed session in accordance with law. The Board shall render its decision within 10 business days.

EXPOSURE CONTROL PLAN FOR BLOOD BORNE PATHOGENS - (BP 4219.42)

As part of its commitment to provide a safe and healthful work environment, the Board of Education recognizes the importance of developing an exposure control plan. The Superintendent or designee shall establish a written exposure control plan in accordance with state and federal standards for dealing with potentially infectious materials in the workplace to protect employees from possible infection due to contact with blood borne pathogens, including but not limited to hepatitis B virus, hepatitis C virus and human immunodeficiency virus (HIV).

(cf. 4119.43/4219.43/4319.43 - Universal Precautions)

(cf. 4157/4257/4357 - Employee Safety)

The Superintendent or designee shall determine which employees have occupational exposure to blood borne pathogens and other potentially infectious materials. In accordance with the district's exposure control plan, employees having occupational exposure shall be offered the hepatitis B vaccination.

Any employee not identified by the Superintendent or designee as having occupational exposure may submit a request to the Superintendent or designee to be included in the training and hepatitis B vaccination program. The Superintendent or designee may deny a request when there is no reasonable anticipation of contact with any infectious material.

EXPOSURE CONTROL PLAN FOR BLOOD BORNE PATHOGENS - (AR 4219.42)

Definitions:

Occupational exposure means reasonably anticipated skin, eye, mucous membrane, or parenteral contact with blood or other potentially infectious materials that may result from the performance of an employee's duties.

Exposure incident means a specific eye, mouth, other mucous membrane, nonimpact skin, or parenteral contact with blood or other potentially infectious materials that result from the performance of an employee's duties.

Parenteral contact means piercing mucous membranes or the skin barrier through such events as needle sticks, human bites, cuts, and abrasions.

A sharp is any object that can be reasonably anticipated to penetrate the skin or any other part of the body and to result in an exposure incident.

A sharps injury is any injury caused by a sharp, including but not limited to cuts, abrasions or needle sticks.

Work practice controls are controls that reduce the likelihood of exposure by defining the manner in which a task is performed.

Engineering controls are controls, such as sharps disposal containers, needleless systems, and sharps with engineered sharps injury protection, that isolate or remove the blood borne pathogens hazard from the workplace.

Engineered sharps injury protection is a physical attribute built into a needle device or into a non-needle sharp which effectively reduces the risk of an exposure incident.

6. An effective procedure for identifying currently available engineering controls and selecting such controls as appropriate for the procedures performed by employees in their work areas or departments

7. An effective procedure for documenting instances when a licensed healthcare professional directly involved in a patient's care determines, in the reasonable exercise of clinical judgment that the use of an engineering control would jeopardize an individual's safety or the success of a medical, dental or nursing procedure involving the individual

8. An effective procedure for obtaining the active involvement of employees in reviewing and updating the exposure control plan with respect to the procedures performed by employees in their respective work areas or departments

The exposure control plan shall be reviewed and updated at least annually and whenever necessary to:

The district shall maintain the confidentiality of the affected employee and the exposure source during all phases of the post-exposure evaluation.

Records

Upon an employee's initial employment and at least annually thereafter, the Superintendent or designee shall inform employees with occupational exposure of the existence, location and availability of related records; the person responsible for maintaining and providing access to records; and the employee's right of access to these records.

The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension. (5 CCR 4630)
4. When a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) is filed anonymously, the compliance officer shall pursue an investigation or other response as appropriate, depending on the specificity and reliability of the information provided and the seriousness of the allegation.
5. When the complainant of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) or the alleged victim, when not the complainant, requests confidentiality, the compliance officer shall inform the complainant or victim that the request may limit the district's ability to investigate the conduct or take other

necessary action. When honoring a request for confidentiality, the district shall nevertheless take all reasonable steps to investigate and resolve/respond to the complaint consistent with the request.

Mediation:

Within three days of receiving the complaint, the compliance officer may informally discuss with all the parties the possibility of using mediation.

Mediation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging retaliation or unlawful discrimination, harassment, intimidation, or bullying, the compliance officer shall ensure that all parties agree to make the mediator a party to relevant confidential information. The compliance officer shall also notify all parties of the right to end the informal process at any time.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with his/her investigation of the complaint.

The use of mediation shall not extend the district's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. If mediation is successful and the complaint is withdrawn, then the district shall take only the actions agreed upon

through the mediation. If mediation is unsuccessful, the district shall then continue with subsequent steps specified in this administrative regulation.

Investigation of Complaint:

Within 10 business days after the compliance officer receives the complaint, the compliance officer shall begin an investigation into the complaint.

Within 10 business days after the compliance officer receives the complaint, the compliance officer shall provide the complainant and/or the complainant's representative an opportunity to present the information contained in the complaint to the compliance officer and shall notify the complainant and/or representative of the opportunity to present the compliance officer with any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. The compliance officer shall individually interview all available witnesses with information pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. At appropriate intervals, the compliance officer shall inform both parties of the status of the investigation.

To investigate a complaint alleging retaliation or unlawful discrimination (such as discriminatory

harassment, intimidation, or bullying), the compliance officer shall interview the alleged victim(s), any alleged offenders, and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. Similarly, a respondent's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in a finding, based on evidence collected, that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR [4631](#))

In accordance with law, the district shall provide the investigator with access to records and other information related to the allegation in the complaint and shall not in any way obstruct the investigation. Failure or refusal of the district to cooperate in the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR [4631](#))

Timeline for Final Decision:

Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written report, as

described in the section "Final Written Decision" below, within 60 calendar days of the district's receipt of the complaint. (5 CCR [4631](#))

For any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), the respondent shall be informed of any extension of the timeline agreed to by the complainant. The respondent also shall be sent the district's final written decision at the same time it is provided to the complainant.

Final Written Decision:

For all complaints, the district's final written decision shall include: (5 CCR [4631](#))

3. Disposition of the complaint
4. Rationale for such disposition

For complaints of retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the disposition of the complaint shall include a determination for each allegation as to whether retaliation or unlawful discrimination has occurred.

The determination of whether a hostile environment exists may involve consideration of the following:

- a. The manner in which the misconduct affected one or more students' education
 - b. The type, frequency, and duration of the misconduct
 - c. The relationship between the alleged victim(s) and offender(s)
 - d. The number of persons engaged in the conduct and at whom the conduct was directed

For complaints of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the decision may, as required by law, include:

- a. The corrective actions imposed on the respondent
 - b. Individual remedies offered or provided to the complainant or another person who was the subject of the complaint, but this information should not be shared with the respondent.
 - c. Systemic measures the school has taken to eliminate a hostile environment and prevent recurrence
6. Notice of the complainant's and respondent's right to appeal the district's decision to CDE

within 15 calendar days and procedures to be followed for initiating such an appeal.

The decision may also include follow-up procedures to prevent recurrence or retaliation and for reporting any subsequent problems.

In consultation with district legal counsel, information about the relevant part of a decision may be communicated to a victim who is not the complainant and to other parties who may be involved in implementing the decision or are affected by the complaint, as long as the privacy of the parties is protected. In a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), notice of the district's decision to the alleged victim shall include information about any sanction to be imposed upon the respondent that relates directly to the alleged victim.

If the complaint involves a limited-English-proficient student or parent/guardian and the student involved is enrolled in a school at which 15 percent or more of the students speak a single primary language other than English, then the decision shall also be translated into that language pursuant to Education Code 48985. In all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.

For complaints alleging unlawful discrimination based on state law (such as discriminatory harassment, intimidation, and bullying), the decision shall also include a notice to the complainant that:

1. The complainant may pursue available civil law remedies outside of the district's

complaint procedures, including seeking assistance from mediation centers or public/private interest attorneys, 60 calendar days after the filing of an appeal with CDE. (Education Code 262.3)

2. The 60 days moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law. (Education Code 262.3)
3. Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights at www.ed.gov/ocr within 180 days of the alleged discrimination.

Corrective Actions:

When a complaint is found to have merit, the compliance officer shall adopt any appropriate corrective action permitted by law. Appropriate corrective actions that focus on the larger school or district environment may include, but are not limited to, actions to reinforce district policies; training for faculty, staff, and students; updates to school policies; or school climate surveys.

For complaints involving retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), appropriate remedies that may be offered to the victim but not communicated to the respondent may include, but are not limited to, the following:

1. Counseling
2. Academic support
3. Health services
4. Assignment of an escort to allow the victim to move safely about campus
5. Information regarding available resources and how to report similar incidents or retaliation

6. Separation of the victim from any other individuals involved, provided the separation does not penalize the victim
7. Restorative justice
8. Follow-up inquiries to ensure that the conduct has stopped and there has been no retaliation

For complaints involving retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), appropriate corrective actions that focus on a student offender may include, but are not limited to, the following:

When an employee is found to have committed retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

The district may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), that the

district does not tolerate it, and how to report and respond to it.

When a complaint is found to have merit, an appropriate remedy shall be provided to the complainant or other affected person.

However, if a complaint alleging noncompliance with the laws regarding student fees, deposits, and other charges, physical education instructional minutes, or any requirement related to the LCAP is found to have merit, the district shall provide a remedy to all affected students and parents/guardians subject to procedures established by regulation of the State Board of Education. (Education Code 49013, 51222, 51223, 52075)

For complaints alleging noncompliance with the laws regarding student fees, the district shall attempt in good faith, by engaging in reasonable efforts, to identify and fully reimburse all affected students and parents/guardians who paid the unlawful student fees within one year prior to the filing of the complaint. EMPLOYEES WITH INFECTIOUS DISEASE - (BP 4119.41)

The Governing Board has been elected by the community to provide leadership and citizen

oversight of the district. The Board shall ensure that the district is responsive to the values, beliefs, and priorities of the community. PUSD, as a district, is determined to serve the identified needs of all its students as part of its commitment to both equity and providing rigorous learning opportunities to all students to assist them to achieve their highest potential. Following a data driven and results-based approach, the Governing Board supports a cycle of inquiry approach of continual improvement. The program update to the Board will be guided by the cycle of inquiry and the essential questions: What is the need? What are the goals? What are we using to measure progress? What are the results? The Governing Board encourages each employee to inform the district as soon as possible if he/she contracts an infectious disease which creates a physical or mental disability. The Board will reasonably accommodate the needs of such individuals.

The Governing Board desires to promote the health of district students and staff in order to reduce absenteeism and enhance employee and student performance. The Superintendent or designee shall develop strategies to prevent the outbreak or spread of infectious diseases at district schools.

A communicable infectious disease, such as influenza or chicken pox, is contagious and can be readily transmitted by infectious bacteria or viral organisms.

In accordance with law, job applicants shall be required to provide evidence that they are free of tuberculosis or any other communicable infectious disease prior to beginning employment.

To prevent the outbreak or spread of infectious diseases, the Superintendent or designee may provide infection prevention supplies and information to employees, including information about recommended vaccinations. Employees also shall observe universal precautions to avoid contact with potentially infectious blood or other bodily fluids.

Plans for addressing a communicable infectious disease outbreak, including, but not limited to, plans for addressing employee shortages during such an outbreak, shall be included in the district's emergency preparedness plan.

In addition, a school nurse or other health care provider who knows of or is in attendance on a case or suspected case of any of the diseases or conditions listed in 17 CCR 2500 shall make a report to the local health officer. If no health care provider is in attendance, any individual having knowledge of a person who is suspected to be suffering from one of the specified diseases or conditions may make a report to the local health officer. (17 CCR 2500, 2508)

Nondiscrimination/Reasonable Accommodation

The district shall not discriminate against any employee or job applicant who has an infectious disease that meets the federal or state definition

However, teachers shall not be prohibited from wearing political buttons during noninstructional time, such as Back-to-School Night.

Nothing in Board policy or administrative regulation shall be construed to prevent employees from soliciting or receiving funds or

contributions for political purposes during nonworking time, including before and after school, the lunch period or other scheduled work intermittency during the school day. (Education Code 7056).

Employee Organizations:

Employee organizations may use district mailboxes and other means to communicate with employees, subject to reasonable regulation. Employee organizations may have access at reasonable times to areas in which employees work; may use institutional bulletin boards, mailboxes, and other means of communication and may use district facilities at reasonable times for the purpose of meetings. (Government Code 3543.1).

However, employee organizations shall not use district funds, services, supplies or equipment, such as the district mail system, to urge the passage or defeat of any ballot measure or candidate, including any candidate for election to the Board (Education Code 7054).

Access to district communication channels shall be limited in cases where such access would be disruptive to district operations.

In the event of a concerted action or work stoppage, political activities by employee organizations and individual employees shall be restricted to peaceful informational picketing and other activities allowed by law.

SOLICITING AND SELLING - (BP 4135)

Employees shall not solicit district staff, students or their families with the intent to sell general merchandise, books, equipment or services for their own personal profit or benefit. Solicitation of students and staff on behalf of the school or other charitable organizations shall be conducted in accordance with applicable Board policy and administrative regulation.

Staff members shall respect the confidentiality of district employees and students and shall not use their status as district employees to secure information such as names, addresses, e-mail addresses, and telephone numbers for solicitations or use in personal profit-making or beneficial ventures.

Educational tours may be promoted on school premises only if they are sponsored by the district. Employees engaged in planning, organizing or leading tours as private, non-district-sponsored businesses shall make it clear that they do not represent the school or district. All activities related to such tours must be carried on outside of school hours and off school premises.

Staff participation in “flower funds”, “anniversary funds”, or other similar funds shall be voluntary.

TUTORING - (BP 4137)

The Board of Education expects teachers and other members of the instructional staff to make every effort to resolve students' learning problems at school before recommending that parents/guardians engage a tutor or other professional help. By maintaining a competent, dedicated staff and adequate instructional resources, the Board seeks to minimize the need for individual tutoring.

To preclude conflicts of interest, teachers may not accept any kind of remuneration for tutoring a student enrolled in any of their classes. Teachers who tutor other students must perform this service outside of school facilities and make their own arrangements with parents/guardians for the fees to be charged. The Board encourages teachers to tutor only in subjects or grade levels for which they are certificated.

PROFESSIONAL STANDARDS - (E 4119.21)

Code of Ethics of the Education Profession

Preamble

The educator, believing in the worth and dignity of each human being, recognizes the supreme importance of the pursuit of truth, devotion to excellence, and the nurturing of democratic principles. Essential to these goals is the protection of freedom to learn and to teach and the guarantee of equal educational opportunity for all. The educator accepts the responsibility to adhere to the highest ethical standards.

The educator recognizes the magnitude of the responsibility inherent in the teaching process. The desire for the respect and confidence of one's colleagues, of students, of parents, and of the members of the community provides the incentive

to attain and maintain the highest possible degree of ethical conduct. The Code of Ethics of the Education Profession indicates the aspiration of all educators and provides standards by which to judge conduct.

Principle I - Commitment to the Student:

The educator strives to help each student realize his/her potential as a worthy and effective member of society. The educator therefore works to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals.

In fulfillment of the obligation to the student, the educator:

1. Shall not unreasonably restrain the student from independent action in the pursuit of learning.
2. Shall not unreasonably deny the student access to varying points of view.
3. Shall not deliberately suppress or distort subject matter relevant to the student's progress.
4. Shall make reasonable effort to protect the student from conditions harmful to learning or to health and safety.
5. Shall not intentionally expose the student to embarrassment or disparagement.
6. Shall not on the basis of race, color, creed, gender, national origin, marital status, political or religious beliefs, family, social, or cultural background, or sexual orientation, unfairly:
 - a. Exclude any student from participation in any program
 - b. Deny benefits to any student

c. Grant any advantage to any student

7. Shall not use professional relationships with students for private advantage.

8. Shall not disclose information in the course of professional service unless disclosure serves a compelling professional purpose or is required by law.

Principle II - Commitment to the Profession:

The education profession is vested by the public with a trust and responsibility requiring the highest ideals of professional service.

In the belief that the quality of the services of the education profession directly influences the nation and its citizens, the educator shall exert every effort to raise professional standards, to promote a climate that encourages the exercise of professional judgment, to achieve conditions that attract persons worthy of the trust to careers in education, and to assist in preventing the practice of the profession by unqualified persons.

In fulfillment of the obligation of the profession, the educator:

1. Shall not in any application for a professional position deliberately make a false statement or fail to disclose a material fact related to competency and qualifications.
2. Shall not misrepresent his/her professional qualifications.
3. Shall not assist any entry into the profession of a person known to be unqualified in respect to character, education, or other relevant attribute.
4. Shall not knowingly make a false statement concerning the qualifications of a candidate for a professional position.

5. Shall not assist a noneducator in the unauthorized practice of teaching.
6. Shall not disclose information about colleagues obtained in the course of professional service unless disclosure serves a compelling professional purpose or is required by law.
7. Shall not knowingly make false or malicious statements about a colleague.
8. Shall not accept any gratuity, gift, or favor that might impair or appear to influence professional decisions or action.

DRESS AND GROOMING - (BP 4119.22)

The Governing Board has been elected by the community to provide leadership and citizen oversight of the district. The Board shall ensure that the district is responsive to the values, beliefs, and priorities of the community. PUSD, as a district, is determined to serve the identified needs of all its students as part of its commitment to both equity and providing rigorous learning opportunities to all students to assist them to achieve their highest potential. Following a data driven and results-based approach, the Governing Board supports a cycle of inquiry approach of continual improvement. The program update to the Board will be guided by the cycle of inquiry and the essential questions: What is the need? What are the goals? What are we using to measure progress? What are the results? The Governing Board encourages each employee to inform the district as soon as possible if he/she contracts an infectious disease which creates a physical or mental disability. The Board will reasonably accommodate the needs of such individuals.

The Governing Board believes that appropriate dress and grooming by district employees contribute to a productive learning environment and model positive behavior. During school hours and at school activities, employees shall maintain

professional standards of dress and grooming that demonstrate their high regard for education, present an image consistent with their job responsibilities and assignment, and not endanger the health or safety of employees or students. All employees shall be held to the same standards unless their assignment provides for modified dress as approved by their supervisor.

The district shall allow employees to appear and dress in a manner consistent with their gender identity or gender expression. (Government Code 12949)

The district shall not discriminate against employees based on hair texture and protective hairstyles, including, but not limited to, braids, locks, and twists. (Government Code 12926)

The district shall not dismiss an employee, discriminate against an employee in compensation or in terms, conditions, or privileges of employment, or refuse to hire a job applicant on the basis of religious dress or grooming practices. (Government Code 12926, 12940)

This policy shall be presented to employees upon employment, through the employee handbook or other appropriate means, and may be periodically reviewed with all employees as necessary.

OATH or AFFIRMATION - (AR 4112.3)

This oath or affirmation is different from the oath or affirmation required of certificated employees as a licensing requirement pursuant to Education Code 44334, in which credential candidates must affirm that they support the Constitution of the United States of America, the Constitution of the State of California, and the laws of the United States and the State of California. Thus, the district should require all employees to take the oath or affirmation required by Government Code 3100-3102.

The California Constitution requires that Board members take the same oath; see BP 9224 - Oath or Affirmation.

All district employees are declared by law to be disaster service workers and thus shall take the oath or affirmation required for disaster service workers before beginning employment with the district. In the event of natural, manmade or war-caused emergencies which result in conditions of disaster or extreme peril to life, property and resources, all district employees are subject to disaster service activities as assigned to them by their supervisors or by law. (Government Code 3100-3102)

Legally employed noncitizens shall be exempt from taking this oath. (Government Code 3101)

At the advice of legal counsel, the Superintendent or designee may exempt an employee from taking the oath if he/she raises a valid religious objection.

The Superintendent, deputy or assistant superintendent, principal or other person authorized in Education Code 60 shall administer the oath or affirmation when a district employee is hired.

In the case of intermittent, temporary, emergency or successive employments, the

Superintendent or designee may determine that the oath shall be effective for all successive periods of employment which begin within one calendar year from the date that the oath was subscribed. (Government Code 3102)

The Superintendent or designee shall file the executed oath or affirmation within 30 days of the date on which it is taken and subscribed. An employee's oath or affirmation may be destroyed five years after the termination of employment. (Government Code 3105)

Reimbursement of Expenses for Disaster Service Workers

Whenever an employee seeks compensation or reimbursement of expenses as a disaster service worker, the Superintendent or designee shall ascertain and certify that the employee has taken the oath or affirmation.
