REQUEST FOR PROPOSAL

UNINTERRUPTIBLE POWER SUPPLY (UPS) and NETWORK SWITCH INSTALLATION

Addendum #2

Questions and Answers

There were no additional questions received by the due date of February 7, 2023. Below are the questions and answers that were included in Addendum #1.

- 1) We have additional questions regarding your posted form 470 for the part related to the requested cabling equipment:

Can you please specify the lengths of patch cables needed to connect the SNMP network cards of UPSs to the network?

Answer: PUSD will provide the CAT6 cables needed to connect SNMP network card to the network.

- 2) Regarding the project mentioned above, what is the estimated value/budget and projected start date for work to begin?

Answer: PUSD would like to begin the project July 1, 2023. The actual project start date is contingent upon funding approval from USAC.
